PROXY STATEMENT
Annual Meeting of Shareholders
to be held on April 29, 2004

ABOUT THE MEETING

What You Are Voting On

Proxies are being solicited by the Board of Directors for purposes of voting on the following proposals and any other business properly brought before the meeting:

Proposal 1: Election of the following four directors, each for a three-year term:

A. Marshall Acuff, Jr., Henry A. Berling, James B. Farinholt, Jr. and Anne Marie Whittemore.

Proposal 2: Ratification of KPMG LLP as Owens & Minor's independent auditors.

Who is Entitled to Vote

Shareholders as of the close of business on March 3, 2004 (the "Record Date") are entitled to vote. Each share of the Company's Common Stock ("Common Stock") is entitled to one vote. As of March 3, 2004, 39,207,676 shares of Common Stock were issued and outstanding.

How to Vote

You can vote by the Internet, by telephone or by mail.

By Internet. You may vote by the Internet by following the specific instructions on the enclosed proxy card. If your shares are held in "street name" (through a broker), please contact your broker to determine whether you will be able to vote electronically.

By Telephone. You may vote by telephone using the toll-free number and following the instructions listed on the enclosed proxy card. If your shares are held in "street name", please contact your broker to determine whether you will be able to vote by telephone.

By Mail. You may vote by mail by completing, signing and dating the enclosed proxy card and returning it in the postage-paid envelope provided.

However you choose to vote, you may revoke a proxy prior to the meeting by (1) submitting a subsequently dated proxy, (2) giving notice in writing to the Corporate Secretary of the Company or (3) voting in person at the meeting.

What Happens if You Don't Make Selections on Your Proxy Card

If you properly vote your proxy card and do not make a selection on one or more proposals, you give authority to the individuals designated on the proxy card to vote on such proposal(s) and any other matter

[Table of Contents](#)

that may arise at the meeting. If no specific instructions are given, it is intended that all proxies that are signed and returned will be voted “FOR” the election of all nominees for director and “FOR” the ratification of the appointment of KPMG LLP.

What it Means if You Get More Than One Proxy Card

Your shares are probably registered differently or are held in more than one account. Sign and return or otherwise vote all proxy cards to ensure that all your shares are voted. Please have all of your accounts registered in the same name and address. You may do this by contacting our transfer agent, The Bank of New York, at 1-800-524-4458.

What Constitutes a Quorum

A majority of the outstanding shares, present or represented by proxy, constitutes a quorum. A quorum is required to conduct the Annual Meeting. If you vote your proxy card, you will be considered part of the quorum. Abstentions and shares held by brokers or banks in street name that are voted on any matter are included in the quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

The Vote Required to Approve Each Item

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked “Withhold authority” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Ratification of Appointment of KPMG LLP. The ratification of the appointment of KPMG LLP requires that the votes cast in favor of the ratification exceed the number of votes cast opposing the ratification.

Whether Your Shares Will be Voted if You Don’t Provide Your Proxy

Whether your shares will be voted if you don’t provide your proxy depends on how your ownership of shares of Common Stock is registered. If you own your shares as a registered holder, which means that your shares of Common Stock are registered in your name, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement, which is explained above. If a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own your shares of Common Stock in “street name”, which means that your shares are registered in the name of your broker, your shares may be voted even if you do not provide your broker with voting instructions. Brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain “routine” matters.

The election of directors and the ratification of the designation of KPMG LLP as independent auditors of the Company are considered routine matters for which brokerage firms may vote unvoted shares. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote.

Abstentions, broker non-votes and, with respect to the election of directors, withheld votes will not be included in the vote totals and will not affect the outcome of the vote.

Costs of Soliciting Proxies

Owens & Minor will pay all costs of this proxy solicitation. The Company has retained Georgeson Shareholder Communications, Inc. to aid in the distribution and solicitation of proxies for approximately \$5,000 plus expenses. The Company will reimburse stockbrokers and other custodians, nominees and fiduciaries for their expenses in forwarding proxy and solicitation materials.

CORPORATE GOVERNANCE

General. The Company is managed under the direction of the Board of Directors, which has adopted Corporate Governance Guidelines to set forth certain corporate governance practices. During 2003, the Company continued to review its corporate governance policies and practices relative to the policies and practices recommended by groups and authorities active in corporate governance as well as the requirements of the Sarbanes-Oxley Act of 2002 and rules promulgated thereunder or proposed by the Securities and Exchange Commission ("SEC") and the New York Stock Exchange ("NYSE"), the exchange on which the Company's common stock is listed. As part of this ongoing effort, the Company revised the charters of each of its Audit Committee, Governance & Nominating Committee and Compensation & Benefits Committee in 2003. The Company also revised its Corporate Governance Guidelines and Code of Honor. For a description of the Governance & Nominating Committee's function with respect to corporate governance, see the Report of the Governance & Nominating Committee below.

Corporate Governance Materials. The Company's Corporate Governance Guidelines, Code of Honor and the charters of the Audit, Compensation & Benefits, and Governance & Nominating Committees are available on the Company's website at [www.owens-minor.com/investor relations/corporate governance](http://www.owens-minor.com/investor%20relations/corporate%20governance) and are available in print to any shareholder upon request to Corporate Secretary, Owens & Minor, Inc., 4800 Cox Road, Glen Allen, VA 23060.

Code of Honor. The Board of Directors has adopted a Code of Honor that is applicable to all employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer, as well as the members of the Board of Directors. The Code of Honor is available on the Company's website at [www.owens-minor.com/investor relations/corporate governance](http://www.owens-minor.com/investor%20relations/corporate%20governance). The Company intends to post any amendments to or waivers from its Code of Honor (to the extent applicable to the Company's chief executive officer, principal financial officer, principal accounting officer, any other executive officer or any director) on its website.

Director Independence. The Board of Directors determined in 2003 that the following nine members of its 11-member Board are independent (within the meaning of NYSE listing standards and the Company's Corporate Governance Guidelines): A. Marshall Acuff, Jr., John T. Crotty, James B Farinholt, Jr., Richard E. Fogg, Vernard W. Henley, Peter S. Redding, James E. Rogers, James E. Ukrop and Anne Marie Whittemore. To assist it in making determinations of independence, the Board has adopted categorical standards (which are contained in Section I of the Company's Corporate Governance Guidelines included in this proxy statement as Annex A). The Board has determined that all directors identified as independent in this proxy statement meet these standards.

REPORT OF THE GOVERNANCE & NOMINATING COMMITTEE

The Governance & Nominating Committee was formed by the Board of Directors in 1996 to promote good corporate governance practices. Composed of five independent directors who met five times during 2003, the Governance & Nominating Committee has adopted a charter that sets forth the committee's purpose: (i) to assist the Board by identifying and recommending nominees for election to the Board; (ii) to oversee the governance of the Company including recommending to the Board corporate governance guidelines for the Company; (iii) to lead the Board in its annual review of the Board's performance; and (iv) to recommend to the Board director nominees for each Board committee and each committee chairperson. The Governance & Nominating Committee also reviews the Company's responsibilities and performance as a corporate citizen. The Company's Corporate Governance Guidelines are included in this proxy statement as Annex A, and the Governance & Nominating Committee's charter together with the Corporate Governance Guidelines can be viewed on the Company's website.

Because of its past and continuing activities in studying and implementing good corporate governance practices at Owens & Minor, the Governance & Nominating Committee believes that the Company anticipated many of the requirements of the Sarbanes-Oxley Act of 2002, and rules and proposed rules of the SEC and the

NYSE, involving corporate governance matters. The Governance & Nominating Committee welcomes these efforts to refine corporate governance practices and will continue to fully cooperate in their implementation at Owens & Minor.

BOARD MEETINGS

The Board of Directors held six meetings during 2003. Each director attended all of the meetings of the Board and committees on which he or she served. The Company has not established a written policy regarding director attendance at its annual meetings of shareholders, but directors are expected to and generally do attend the annual meeting. All directors attended the 2003 Annual Meeting of Shareholders.

Under the Company's Corporate Governance Guidelines, non-management directors meet in executive session following each regularly scheduled Board meeting. These meetings are chaired by a Lead Director who is elected annually by the non-management directors following each Annual Meeting of Shareholders. James E. Rogers currently serves as Lead Director and presides over these executive sessions. As Lead Director, Mr. Rogers is also invited to participate in meetings of all Board committees but is permitted to vote only in the meetings of committees of which he is a member. Shareholders and other interested parties may contact the Lead Director by following the procedures set forth in "Communications with the Board of Directors" on page 7.

Subject to certain restrictions, a director may take cash distributions from a deferred fee account either prior to or following the termination of his or her service as a director. Directors are also permitted to receive payment of their director fees in Common Stock.

DIRECTOR NOMINATING PROCESS

Director Candidate Nominations and Recommendations by Shareholders. The Company’s bylaws provide that any shareholder of record and entitled to vote for the election of directors at the applicable meeting of shareholders may nominate directors by complying with the notice procedures set forth in the bylaws and summarized in “Shareholder Proposals” on page 23. In addition, although the Governance & Nominating Committee has not adopted a formal policy, it will consider director candidate recommendations by shareholders. Shareholders should submit any such recommendations to the Governance & Nominating Committee through the method described under “Communications with the Board of Directors” below.

Process for Identifying and Evaluating Director Candidates. The Governance & Nominating Committee evaluates all director candidates in accordance with the director qualification standards described in the Corporate Governance Guidelines. The Governance & Nominating Committee evaluates any candidate’s qualifications to serve as a member of the Board based on the skills and characteristics of individual Board members as well as the composition of the Board as a whole. In addition, the Governance & Nominating Committee will evaluate a candidate’s independence and diversity, age, skills and experience in the context of the Board’s needs. There are no differences in the manner in which the committee evaluates director candidates based on whether the candidate is recommended by a shareholder. The Governance & Nominating Committee did not receive any recommendations from any shareholders in connection with the Annual Meeting.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has approved a process for shareholders to send communications to the Board. Shareholders can send written communications to the Board, any committee of the Board, the Lead Director or any other individual director at the following address: P.O. Box 26383, Richmond, Virginia 23260. All communications will be relayed directly to the applicable director(s), except for communications screened for security purposes.

The Audit Committee has selected KPMG LLP to serve as the Company's independent auditors for 2004, subject to ratification by the shareholders. Representatives of KPMG LLP will be present at the Annual Meeting to answer questions and to make a statement, if they desire to do so.

The Board of Directors recommends a vote FOR the ratification of the appointment of KPMG LLP to serve as Owens & Minor's independent auditors for 2004.

FEES PAID TO INDEPENDENT AUDITORS

For each of the years ended December 31, 2002 and 2003, KPMG LLP billed the Company the fees set forth below in connection with professional services rendered by that firm to the Company:

	<u>Year 2002</u>	<u>Year 2003</u>
Audit Fees	\$204,500	\$216,950
Audit-Related Fees	\$ 49,975	\$ 29,500
Tax Fees	\$ 10,025	\$ 12,760
All Other Fees	\$ 0	\$ 0
Total	\$264,500	\$259,210

[Table of Contents](#)

Audit Fees. These are fees for professional services performed for the audit of the Company's annual financial statements and review of financial statements included in the Company's 10-Q filings as well any services normally provided in connection with statutory and regulatory filings or engagements.

Audit-Related Fees. These are fees primarily for the annual audits of the Company's employee benefit plan financial statements and consultations by management related to financial accounting and reporting matters.

Tax Fees. These are fees for non-audit related tax services provided to certain officers who selected KPMG LLP to provide personal tax assistance. The Company adopted a policy, effective beginning in 2004, that officers who receive personal tax services paid for by the Company as part of their compensation package may not select KPMG LLP to provide such services.

All Other Fees. KPMG LLP did not provide any services other than those described above.

The Audit Committee has established policies and procedures for the approval and pre-approval of audit services and permitted non-audit services. The Audit Committee has the responsibility to engage and terminate the Company's independent auditors, to pre-approve their performance of audit services and permitted non-audit services and to review with the Company's independent auditors their fees and plans for all auditing services. All services provided by and fees paid to KPMG LLP in 2003 were pre-approved by the Audit Committee and there were no instances of waiver of approval requirements or guidelines during this period. The Audit Committee's pre-approval policies and procedures for services by independent auditors are appended to the Audit Committee Charter attached hereto as Annex B.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of six directors, each of whom is independent within the meaning of SEC regulations and NYSE listing standards for audit committee members. The Board of Directors has determined that Mr. Farinholt, Chairman of the Audit Committee, is an audit committee financial expert, as defined by SEC regulations. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is included as Annex B to this proxy statement. The Audit Committee reviews its charter at least annually and revises it as necessary to ensure compliance with current regulatory requirements.

The Audit Committee selects the Company's independent auditors, subject to shareholder ratification. Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity relying on the information provided to it and on the representations made by management and the independent auditors. In this context, the Audit Committee has met and held discussions with management and KPMG LLP, the Company's independent auditors.

Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG LLP, including the scope of the auditors' responsibilities, critical accounting policies and practices used and significant financial reporting issues and judgments made in connection with the preparation of such financial statements.

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has also received the written disclosures and the letter from KPMG LLP relating to the independence of that firm as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has discussed with KPMG LLP that firm's independence from the Company and considered the compatibility of non-audit services with the auditors' independence.

STOCK OWNERSHIP INFORMATION

Compliance With Section 16(a) Reporting

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file reports with the SEC of holdings and transactions in the Company's Common Stock. Based on the Company's records and information provided by the directors and officers, the Company believes that the filing requirements were satisfied in 2003.

Stock Ownership Guidelines

Under the Company's Management Equity Ownership Program (MEOP) adopted in 1997, officers are expected, over a five-year period, to achieve the following levels of ownership of Common Stock:

<u>Officer</u>	<u>Value of Common Stock</u>
	<u>Owned</u>
Chief Executive Officer	4.0 x Base Salary
President	3.0 x Base Salary
Executive Vice Presidents	2.0 x Base Salary
Senior Vice Presidents	1.5 x Base Salary
Vice Presidents, Regional Vice Presidents	1.0 x Base Salary

In addition, the Board of Directors adopted a policy in 1997 that each director achieve, over a five-year period, a level of ownership in Common Stock equal to at least five times the annual retainer fee (including both cash and stock retainer).

RETIREMENT PLANS

Pension Plan. The Company provides retirement benefits under a defined benefit pension plan to substantially all employees who had earned benefits as of December 31, 1996. Benefits under the pension plan are based upon both length of service and compensation and are determined under a formula based on an individual's earnings and years of credited service. Funding is determined on an actuarial basis. Effective December 31, 1996, participants in the pension plan ceased to accrue additional benefits; provided, however, that participants who had completed at least five years of service as of January 1, 1997 and whose age plus years of service equaled at least 65 continued to earn an accrued benefit until the earlier of (i) December 31, 2001 or (ii) retirement, death or termination of employment (with the exception of certain highly compensated employees if the pension plan did not meet certain coverage requirements of the Internal Revenue Code).

The following table shows estimated annual benefits payable under the pension plan at normal retirement age of 65 years based on the specified remuneration and years of service:

Average Compensation(1)	Average Straight Life Annuity Benefits Based On Years of Credited Service

(1) Average compensation represents compensation based upon a benefit formula applied to an employee's career average earnings, which approximates the amount of salary set forth in the Summary Compensation Table. The maximum amount of covered compensation is \$170,000, or some other amount as may be determined by the Secretary of Treasury pursuant to Section 401(a)(17) of the Internal Revenue Code.

Benefits are computed on a straight-life annuity basis, and are not subject to offset for Social Security benefits or other amounts. The years of service credited for the Named Executive Officers under the pension plan are presently as follows: Mr. Minor, 36 years; Mr. Smith, 11 years; Mr. Berling, 33 years; Mr. Kaczka, not eligible; and Mr. Guzmán, not eligible.

Supplemental Executive Retirement Plan. The Company provides supplemental retirement benefits to certain employees selected by the Compensation & Benefits Committee under the Supplemental Executive Retirement Plan ("SERP"). The SERP entitles participants who meet its age and service requirements to receive a specified percentage (in the case of the Named Executive Officers, 65%) of the participant's average base monthly salary (plus bonus for certain participants, including the Named Executive Officers) during the five years preceding his or her retirement reduced by the benefit payable under the pension plan, Social Security and any defined benefit pension plan of a prior employer. The estimated annual benefits payable under the SERP upon retirement at normal retirement age for the Named Executive Officers are:

Mr. Minor \$645,624, Mr. Smith \$476,864, Mr. Berling \$270,887, Mr. Kaczka \$309,687, and Mr. Guzmán \$296,960.

SEVERANCE AGREEMENTS

The Company has entered into severance agreements with certain officers (including the Named Executive Officers) in order to encourage key management personnel to remain with the Company and to avoid distractions regarding potential or actual changes in control of the Company.

The severance agreements provide for the payment of a severance benefit if the officer's employment with the Company is terminated for any reason (other than as a consequence of death, disability or normal retirement) within two years after a change in control. For the Named Executive Officers, the severance benefit is equal to 2.99 times the officer's annual base salary plus bonus.

Each severance agreement continues in effect through December 31, 2004, and unless notice is given to the contrary, the term is automatically extended for an additional year at the end of each year.

REPORT OF THE COMPENSATION & BENEFITS COMMITTEE

The Compensation & Benefits Committee (the "Compensation Committee") is comprised of seven independent directors who are not current or past employees of the Company. The Compensation Committee's primary functions are to:

- oversee the design and competitiveness of the Company's executive compensation program,
- evaluate the performance of the Company's senior executives and approve related compensation actions, and
- administer the Company's compensation plans for officers.

The Compensation Committee met five times during 2003.

Executive Compensation Philosophy

The Compensation Committee's philosophy is to:

- establish and maintain programs and practices that promote achievement of the Company's strategic objectives,

[Table of Contents](#)

- provide rewards that reflect the Company's performance, and
- align executives' financial interests with those of shareholders.

To accomplish this, compensation for executives is based on measures of the Company's financial performance and strategic results that should translate to increased shareholder value.

The Compensation Committee also strives to maintain market competitive compensation levels. To meet this objective, the Compensation Committee evaluates executive compensation levels through comparisons to the peer companies included in the performance graph of this Proxy Statement, and other companies of similar size and operating characteristics. Base salaries are targeted at competitive market median for similarly experienced executives. Annual incentive compensation opportunities, when combined with base salaries, are intended to fully reach competitive median total cash compensation levels as warranted by the Company's and the individual officer's performance. Longer-term incentive compensation opportunities, such as stock options and restricted stock, link executive compensation with achievement of strategic objectives and shareholder value growth. This combination is intended to focus management on the annual and longer-term success of the Company.

The Compensation Committee recognizes that sometimes it is necessary to sacrifice short-term financial performance to obtain longer-term business success. The Compensation Committee regularly monitors the balance between annual and longer-term rewards and acts as needed to encourage meaningful levels of share ownership among executives. The Management Equity Ownership Program (MEOP) adopted in 1997 for the Company's officers (and discussed later in this report) further aligns the interests of executives and shareholders.

Committee Process and Compensation Administration

In deciding base salary levels, incentive payments and granting of stock options and restricted stock, the Compensation Committee looks to the Chief Executive Officer for recommendations on senior executives. The Compensation Committee meets privately, without the presence of management (including the Chief Executive Officer), to determine compensation actions for the Chief Executive Officer. To maintain the desired level of competitiveness and technically sound compensation and benefit programs, the Compensation Committee obtains input from the Company's Human Resources Department and periodically from outside advisors.

Base Salary

Consistent with the Compensation Committee's compensation philosophy, in 2003 base salary increases for the Named Executive Officers were determined based on individual performance and the competitiveness of their current salary. The Chief Executive Officer received an increase in base salary to \$735,420.

Annual Incentive

Each year the Compensation Committee meets to review key aspects of the upcoming year's business plan and establish Annual Incentive Plan goals for each corporate officer, including the Chief Executive Officer. Goals under this plan are weighted to reflect their importance and contribution to Company performance and therefore shareholder experience.

The 2003 Annual Incentive Plan goals for the Chief Executive Officer included Company results measured by sales and earnings per share, subject to a minimum net income goal. For the other named executive officers, goals also included individual performance on leadership objectives. The Compensation Committee receives periodic updates during the year on business performance in relation to incentive plan goals.

At the close of each year, the Compensation Committee meets to discuss performance compared to Annual Incentive Plan goals and longer-term strategic business goals. These longer-term business goals center around the Company's strategic objectives to remain customer oriented in everything it does and to actively evolve its business consistent with the service needs of customers and the Company's markets.

[Table of Contents](#)

For 2003 the Company reported a 7 percent increase in sales to \$4.24 billion from \$3.96 billion in 2002. Net income increased to \$53.6 million in 2003, compared to \$47.3 million in 2002. Net income per diluted common share was \$1.42, compared to \$1.27 (after unusual items) in 2002.

The target cash award payable under the Company's Annual Incentive Plan to the Chief Executive Officer for meeting targeted Company financial and individual leadership goals was 60% of his base salary. Based on these performance measures and strong Company performance in 2003, the Chief Executive Officer earned an annual incentive award of \$500,000. The named executive officers also received bonuses for 2003 performance.

Under the Company's Annual Incentive Plan, executives are also eligible to receive a bonus of Common Stock equivalent to an additional 25% of the cash incentive payment. The shares are restricted and vest provided the officer remains an employee of the Company for the following three years. The restricted stock bonus for Named Executive Officers is dependent on performance against the same goals as for the Annual Incentive Plan. A restricted stock award was made to the Chief Executive Officer in the amount of 6,004 shares. The other Named Executive Officers also received restricted stock awards.

Long-Term Incentive

Each year the Compensation Committee considers granting awards under the Company's stock option plan. The plan provides for the use of non-qualified stock options, incentive stock options, restricted and performance-based awards, and stock appreciation rights. The Compensation Committee's decision to grant stock options is discretionary and largely determined by financial performance and strategic accomplishments, although there are no specific performance targets for this purpose. Option grant decisions may also be based upon outstanding individual performance, job promotions and greater responsibility within the Company.

Stock options are a key component of a competitive total compensation program. The Compensation Committee believes stock option grants have historically been effective in focusing executives on enhancing long-term profitability and shareholder value. The Compensation Committee granted 50,000 stock options to the Chief Executive Officer in 2003 to encourage future growth in shareholder returns. Grants were also provided to the other Named Executive Officers. The Compensation Committee does not specifically consider the number of options currently held by an officer in determining current option grant levels.

Management Equity Ownership Program

As stated earlier, in 1997 the Compensation Committee approved the Management Equity Ownership Program (MEOP) for members of the management team, including each of the Named Executive Officers. This program is intended to strengthen the alignment of management and shareholder interests by creating meaningful levels of stock ownership by management. An ownership target has been determined for each level of the management team. These targets range from four times salary for the Chief Executive Officer to one times salary for Vice Presidents. Eligible holdings in meeting these targets include direct holdings, indirect holdings, shares held through Company plans such as the 401(k) Plan and Stock Purchase Plan and restricted stock holdings. To encourage ownership and help senior management meet their equity investment targets, participants may elect to receive a portion of their annual cash incentive award in restricted stock.

Participants are given a five-year period to reach the full target ownership amount with interim ownership targets to meet each year. As of December 31, 2003, the value of the stock owned by participants, in aggregate, well exceeded the aggregate full target ownership amount. The Named Executive Officers as a group have beneficial ownership levels (excluding stock options held) of 2.5% of common shares outstanding. This is above the peer group median ownership level of 0.9% of common shares outstanding.

If a participant meets his or her target level of ownership, a 10% annual equity ownership dividend (the dividend is reduced to 5% for the years subsequent to a participant reaching his or her full target ownership

[Table of Contents](#)

amount) is paid on all Common Stock owned up to the participant's full target level. The dividend is paid in the form of restricted stock that will vest five years after grant if the desired ownership level is maintained. If a participant's ownership falls below the desired level, a portion of his or her annual bonus and/or salary increase, if earned, will be paid in the form of restricted stock and dividend shares will be forfeited until the target ownership level is met. During 2003, the Chief Executive Officer was granted an annual dividend of 6,658 shares of restricted stock.

Corporate Tax Considerations

Section 162(m) of the Internal Revenue Code disallows corporate tax deductions for executive compensation in excess of \$1 million paid annually to named executive officers. This law does allow for certain exemptions to the deduction cap, including "performance-based compensation" as defined in the rules adopted under Section 162(m).

The Compensation Committee intends that the Company's pay plans generally be performance-based and therefore eligible for compensation expense deductions. The Compensation Committee, however, exercises discretion to award compensation that is not tax deductible when it determines that doing so will better support the long-term goals of the Company and the interests of shareholders.

BY ORDER OF THE BOARD OF DIRECTORS

GRACE R. DEN HARTOG
Senior Vice President, General Counsel
& Corporate Secretary

OWENS & MINOR, INC.
CORPORATE GOVERNANCE GUIDELINES

The following shall constitute the Corporate Governance Guidelines (the “Corporate Governance Guidelines”) of the Board of Directors of Owens & Minor, Inc. (“the Corporation”):

I. DIRECTOR QUALIFICATIONS

The Board of Directors of the Corporation (the “Board”) will satisfy any independence requirement of the New York Stock Exchange as then in effect. The Governance & Nominating Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of Board members as well as the composition of the Board as a whole. This assessment will include members’ qualifications as independent (Directors shall inform the Chairman of that Committee of any matter bearing on the director’s independence), as well as consideration of diversity, age, skills and experience in the context of the Board’s needs as well as the members of the Board. Nominees for directorship will be selected by the Governance & Nominating Committee in accordance with the policies and principles in its charter. The invitation to join the Board will be extended by the Board through the Chairman of the Governance & Nominating Committee and the Chairman of the Board.

A majority of the Directors shall be independent. In order for a Director to be considered independent by the Board, he or she must (i) be free of any relationship that, applying the rules of the New York Stock Exchange, would preclude a finding of independence and (ii) not have a material relationship (either directly or as a partner, shareholder or officer of an organization) with the Company or any of its affiliates or any executive officer of the Company or any of its affiliates. In evaluating the materiality of any such relationship, the Board of Directors shall take into consideration whether disclosure of the relationship would be required by the proxy rules under the Securities Exchange Act of 1934, as amended. If such disclosure is required, the Board of Directors must make a determination that the relationship is not material as a prerequisite to finding that the Director is independent.

It is the sense of the Board that individual directors who change the responsibility they held when they were elected to the Board should volunteer to resign from the Board. Such a step provides an opportunity for the Board, through the Governance & Nominating Committee, to review the continued appropriateness of Board membership under the circumstances.

Directors should advise the Chairman of the Board and the Chairman of the Governance & Nominating Committee in advance of accepting an invitation to serve on another public company board.

The Governance & Nominating Committee will review each director’s continuation on the Board every three years. This will allow each director the opportunity to conveniently confirm his or her desire to continue as a member of the Board. The Board does not believe it should establish term limits. While term limits could help insure that there are fresh ideas and viewpoints available to the Board, they have the significant disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into the Corporation and its operations and, therefore, provide an increasing contribution to the Board as a whole.

II. DIRECTOR RESPONSIBILITIES

The director’s basic responsibility is to exercise his or her good faith business judgment of the best interests of the Corporation. In discharging that obligation, each director should be entitled to rely on the honesty and integrity of the Corporation’s senior executives and its outside advisors and auditors absent evidence that makes such reliance unwarranted.

[Table of Contents](#)

Directors are expected to attend Board meetings and meetings of committees on which they serve, to spend the time needed and meet as frequently as necessary to discharge properly their responsibilities. Information and data that are important to the Board's understanding of the business to be conducted at a Board or committee meeting should generally be distributed in writing to the directors before the meeting. Directors should review these materials in advance of the meeting.

The directors shall also be entitled (1) to have the Corporation purchase reasonable levels of directors' and officers' liability insurance on their behalf; (2) to the benefits of indemnification to the fullest extent permitted by law and the Corporation's charter, by-laws and any indemnification agreements; and (3) to exculpation as provided by state law and the Corporation's charter.

The Board has no policy with respect to the separation of the offices of Chairman and the Chief Executive Officer. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Corporation for the Board to make a determination when it elects a new chief executive officer.

The Governance & Nominating Committee shall recommend for Board approval a non-management director to serve as Lead Director. The Lead Director shall be elected annually following the election of directors at the annual meeting of the shareholders. The Lead Director shall preside at Board meetings in the absence of the Chairman; preside at meetings of the independent directors; serve as principal liaison on behalf of the independent directors; advise the Chairman and the Committee Chairmen with respect to agendas and information needs relating to Board and Committee meetings; be authorized to call meetings of the Board and meetings of the independent directors, set agenda items for such meetings and perform such other duties as the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities. The identity of the Lead Director shall be disclosed in the annual proxy statement, together with a method for interested parties to communicate directly with the Lead Director.

The Chairman will establish the agenda for each Board meeting in consultation with the Lead Director. At the beginning of the year the Chairman will establish a schedule of significant agenda subjects to be discussed during the year (to the degree this can be foreseen). Each Board member is encouraged to suggest the inclusion of items on the agenda. Each Board member is free to raise at any Board meeting subjects that are not on the agenda for that meeting. The Board will review the Corporation's long-term strategic plans and the principal issues that the Corporation will face in the future during at least one Board meeting each year.

The independent directors will meet following each regularly scheduled Board meeting and at such other times as they may determine. The Lead Director shall preside at these meetings. The Board believes that the management speaks for the Corporation. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Corporation. It is expected that Board members would do this with the knowledge of the management and, absent unusual circumstances or as contemplated by the committee charters, only at the request of management.

III. BOARD COMMITTEES

The Board will have at all times an Audit Committee, a Compensation & Benefits Committee and a Governance & Nominating Committee. The members of these committees will comply with any requirements of the New York Stock Exchange as then in effect. Committee members will be appointed by the Board upon recommendation of the Governance & Nominating Committee with consideration of the desires of individual directors. It is the sense of the Board that consideration should be given to rotating committee members periodically, but the Board does not feel that rotation should be mandated as a policy.

Each committee will have its own charter. The charters will set forth the purposes, goals and responsibilities of the committees as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure and operations and committee reporting to the Board. The charters will also provide that each committee will annually evaluate its performance.

[Table of Contents](#)

The Chairman of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairman of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda. At the beginning of the year each committee will establish a schedule of the principal agenda subjects to be discussed during the year (to the degree these can be foreseen). The schedule for each committee will be furnished to all directors.

The Board may, from time to time, establish or maintain additional committees as necessary or appropriate.

IV. DIRECTOR ACCESS TO OFFICERS AND TEAMMATES

Directors have full and free access to officers and teammates of the Corporation and, as necessary and appropriate, to the Corporation's independent advisors. Any meetings or contacts that a director wishes to initiate may be arranged through the CEO or the Secretary or directly by the director. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Corporation and will, to the extent not inappropriate, copy the CEO on any written communications between a director and an officer or teammate of the Corporation, or advise the CEO of any such oral communications.

The Board welcomes regular attendance at each Board meeting of the Corporation's senior officers. If the CEO wishes to have additional Corporation personnel attend on a regular basis, this suggestion should be brought to the Board for approval.

V. DIRECTOR COMPENSATION

The form and amount of director compensation will be determined by the Board based on a recommendation of the Governance & Nominating Committee in accordance with the policies and principles set forth in its charter. The Governance & Nominating Committee will conduct an annual review of director compensation. The Governance & Nominating Committee will consider that directors' independence may be jeopardized if director compensation and perquisites exceed customary levels, if the Corporation makes substantial charitable contributions to organizations with which a director is affiliated, or if the Corporation enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated.

VI. DIRECTOR ORIENTATION AND CONTINUING EDUCATION

All new directors must participate in the Corporation's Orientation Program, which should be conducted within two months of the annual meeting at which new directors are elected. This orientation will include presentations by senior management to familiarize new directors with the Corporation's strategic plans, its significant financial, accounting and risk management issues, its compliance programs, these Guidelines, its Standards of Conduct, its principal officers and its internal and independent auditors. In addition, the Orientation Program will include visits to Corporation headquarters and, to the extent practical, certain of the Corporation's significant facilities. All other directors are also invited to attend the Orientation Program.

All directors are encouraged to attend programs and seminars dealing with the role and responsibility of publicly owned company directors.

VII. CEO EVALUATION AND MANAGEMENT SUCCESSION

The Compensation & Benefits Committee and Governance & Nominating Committee will conduct annual reviews of the CEO's performance, as set forth in their charters. The Board of Directors will review the Committee reports in order to ensure that the CEO is providing the best leadership for the Corporation in the long- and short-term.

[Table of Contents](#)

The Governance & Nominating Committee should make an annual report to the Board on succession planning. The Board will work with the Governance & Nominating Committee to nominate and evaluate potential successors to the CEO. The CEO should at all times make available his or her recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

VIII. ANNUAL PERFORMANCE EVALUATION

The Board of Directors will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Governance & Nominating Committee will receive comments from all directors and report annually to the Board with an assessment of the Board's performance. The assessment will focus on the Board's contribution to the Corporation and specifically focus on areas in which the Board or management believes that the Board can improve.

IX. CONSISTENCY WITH ARTICLES

To the extent that any provision or section of the Corporate Governance Guidelines may be inconsistent with any article, provision or section of the Articles of Incorporation or the Bylaws of the Corporation, the Articles of Incorporation or the Bylaws, as appropriate, shall fully control.

X. AMENDMENT

These Corporate Governance Guidelines may be amended or altered at any meeting of the Board of Directors by affirmative vote of a majority of the number of Directors fixed by the Bylaws.

XI. CERTIFICATION

This Corporate Governance Guidelines, as amended, was duly approved and adopted by the Board of the Corporation on the 3rd day of February, 2004.

Corporate Secretary

AUDIT COMMITTEE
CHARTER**

The following shall constitute the Audit Committee Charter (the “Charter”) of the Board of Directors of Owens & Minor, Inc. (“the Corporation”):

I. ORGANIZATION

All members of the Audit Committee shall have a requisite working familiarity with basic finance and accounting practices in compliance with the rules of the New York Stock Exchange. At least one member of the Committee shall be an audit committee financial expert, as such term is defined by the Securities and Exchange Commission. If an audit committee member simultaneously serves on the audit committee of three public companies, the Board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Corporation’s Audit Committee and disclose such determination in the annual proxy statement.

The members of the Audit Committee shall be appointed by the Board, at the Board’s annual meeting, on the recommendation of the Governance & Nominating Committee, and may be removed by the Board. The members of the Audit Committee shall serve for one year or until their successors are duly elected and qualified. Unless a Chairman is elected by the full Board, the members of the Audit Committee shall designate a Chairman by majority vote of the full Audit Committee membership.

The duties and responsibilities of Audit Committee members contained herein shall be in addition to those duties otherwise required for members of the Board.

III. STATEMENT OF PURPOSE

The primary function of the Audit Committee shall be to assist the Board in discharging its oversight responsibilities relating to the accounting, reporting, and financial practices of the Corporation and its subsidiaries by monitoring (1) these practices, generally; 2) the integrity of the financial statements and other financial information provided by the Corporation to any governmental body or the public; (3) the Corporation’s compliance with legal and regulatory requirements; (4) the independent auditor’s qualifications and independence; (5) the performance of the Corporation’s independent auditors and internal audit functions; and (6) issues involving the Corporation’s ethical and legal compliance responsibilities.

The Audit Committee shall prepare the report of the Committee required by the rules of the Securities and Exchange Commission to be included in the Corporation’s annual proxy statement.

IV. COMMITTEE OBJECTIVES

The Audit Committee’s primary objectives include providing an independent, direct and open avenue of communication among the Corporation’s independent accountants, management, internal auditing department, and the Board; serving as an independent and objective party to review the Corporation’s financial reporting

processes and internal control systems; overseeing with management the reliability and integrity of the Corporation's accounting policies and financial reporting and disclosure practices; reviewing and considering the work of the Corporation's independent accountants and internal auditing department; reviewing the adequacy of the internal audit department's staffing and the qualifications of its personnel; and reviewing whether available technology is being used to maximize the efficiency and effectiveness of the internal audit function.

V. COMMITTEE AUTHORITY AND RESPONSIBILITIES

The Audit Committee shall have the sole authority to appoint, retain, compensate, evaluate and terminate the independent auditor (subject, if applicable, to shareholder ratification) and shall approve all audit and permissible non-audit engagements, including fees and terms, with the independent auditor. The independent auditor shall be accountable to the Board through the Audit Committee. The Audit Committee shall consult with management but shall not delegate these responsibilities.

The Audit Committee may form subcommittees and delegate authority to subcommittees when appropriate.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain special legal, accounting, financial or other consultants to advise the Committee. The Audit Committee shall have the authority to retain and compensate such advisors without seeking further approval and shall receive appropriate funding, as determined by the Audit Committee, from the Corporation to compensate such advisors. The Audit Committee shall have the authority to conduct or authorize investigations into any matters within its scope of responsibilities and shall have the authority to retain outside advisors to assist the Committee in the conduct of any investigation.

The Audit Committee shall make regular reports to the Board, and shall review with the Board any issues that arise with respect to the quality or integrity of the Corporation's financial statements, the Corporation's compliance with legal or regulatory requirements, the performance and independence of the Corporation's independent auditors, or the performance of the internal audit function. The Audit Committee shall annually review its own performance.

The Audit Committee shall:
