PROXY STATEMENT
Annual Meeting of Shareholders
to be held on April 28, 2005

ABOUT THE MEETING

What You Are Voting On

Proxies are being solicited by the Board of Directors for purposes of voting on the following proposals and any other business properly brought before the meeting:

Proposal 1: Election of the following five directors, each for a three-year term:

G. Gilmer Minor, III, J. Alfred Broaddus, Jr., Eddie N. Moore, Jr., Peter S. Redding and Craig R. Smith.

Proposal 2: Approval of the proposed 2005 Stock Incentive Plan.

Proposal 3: Ratification of KPMG LLP as Owens & Minor's independent registered public accountants.

Who is Entitled to Vote

Shareholders as of the close of business on March 3, 2005 (the "Record Date") are entitled to vote. Each share of the Company's Common Stock ("Common Stock") is entitled to one vote. As of March 3, 2005, 39,682,436 shares of Common Stock were issued and outstanding.

How to Vote

You can vote by the Internet, by telephone or by mail.

By Internet. You may vote by the Internet by following the specific instructions on the enclosed proxy card. If your shares are held in "street name" (through a broker), please contact your broker to determine whether you will be able to vote electronically.

By Telephone. You may vote by telephone using the toll-free number and following the instructions listed on the enclosed proxy card. If your shares are held in "street name", please contact your broker to determine whether you will be able to vote by telephone.

By Mail. You may vote by mail by completing, signing and dating the enclosed proxy card and returning it in the postage-paid envelope provided.

However you choose to vote, you may revoke a proxy prior to the meeting by (1) submitting a subsequently dated proxy, (2) giving notice in writing to the Corporate Secretary of the Company or (3) voting in person at the meeting.

What Happens if You Don't Make Selections on Your Proxy Card

If you properly vote your proxy card and do not make a selection on one or more proposals, you give authority to the individuals designated on the proxy card to vote on such proposal(s) and any other matter that may arise at the meeting. If no specific instructions are given, it is intended that all proxies that are signed and returned will be voted "FOR" the election of all nominees for director, "FOR" approval of the 2005 Stock Incentive Plan and "FOR" the ratification of the appointment of KPMG LLP.

What it Means if You Get More Than One Proxy Card

Your shares are probably registered differently or are held in more than one account. Sign and return or otherwise vote all proxy cards to ensure that all your shares are voted. Please have all of your accounts registered in the same name and address. You may do this by contacting our transfer agent, The Bank of New York, at 1-800-524-4458.

What Constitutes a Quorum

A majority of the outstanding shares, present or represented by proxy, constitutes a quorum. A quorum is required to conduct the Annual Meeting. If you vote your proxy card, you will be considered part of the quorum. Abstentions and shares held by brokers or banks in street name that are voted on any matter are included in the quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

The Vote Required to Approve Each Item

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Approval of 2005 Stock Incentive Plan. Approval of the 2005 Stock Incentive Plan requires the affirmative vote of a majority of the shares of Common Stock cast on this proposal; provided that the total vote cast on the proposal represents over 50% of the outstanding shares of Common Stock. Abstentions and broker non-votes (described below) will not be counted as votes cast on the 2005 Stock Incentive Plan.

Ratification of Appointment of KPMG LLP. The ratification of the appointment of KPMG LLP requires that the votes cast in favor of the ratification exceed the number of votes cast opposing the ratification.

Whether Your Shares Will be Voted if You Don't Provide Your Proxy

Whether your shares will be voted if you don't provide your proxy depends on how your ownership of shares of Common Stock is registered. If you own your shares as a registered holder, which means that your shares of Common Stock are registered in your name, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement, which is explained above. If a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own your shares of Common Stock in "street name", which means that your shares are registered in the name of your broker, your shares may be voted even if you do not provide your broker with voting instructions. Brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain "routine" matters.

The election of directors and the ratification of the designation of KPMG LLP as independent registered public accountants of the Company are considered routine matters for which brokerage firms may vote unvoted shares. The approval of the 2005 Stock Incentive Plan is not considered a routine matter on which brokerage firms may vote unvoted shares. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the

Table of Contents

brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. As such, broker non-votes and abstentions will have no effect on the proposal to approve the 2005 Stock Incentive Plan, provided that the total vote cast on the plan represents over 50% of the outstanding shares of Common Stock. Except as provided in the preceding sentence, abstentions, broker non-votes and, with respect to the election of directors, withheld votes will not be included in the vote totals and will not affect the outcome of the vote.

Costs of Soliciting Proxies

Owens & Minor will pay all costs of this proxy solicitation. The Company has retained Georgeson Shareholder Communications, Inc. to aid in the distribution and solicitation of proxies for approximately \$6,000 plus expenses. The Company will reimburse stockbrokers and other custodians, nominees and fiduciaries for their expenses in forwarding proxy and solicitation materials.

CORPORATE GOVERNANCE

General. The Company is managed under the direction of the Board of Directors, which has adopted Corporate Governance Guidelines to set forth certain corporate governance practices. During 2004, the Company continued to review its corporate governance policies and practices relative to the policies and practices recommended by groups and authorities active in corporate governance as well as the requirements of the Sarbanes-Oxley Act of 2002 and rules promulgated thereunder or adopted by the Securities and Exchange Commission ("SEC") and the New York Stock Exchange ("NYSE"), the exchange on which the Company's common stock is listed. As part of this ongoing effort, the Company revised the charters of the Audit Committee, Governance & Nominating Committee and Compensation & Benefits Committee in 2004. The Company also revised its Corporate Governance Guidelines. For a description of the Governance & Nominating Committee's function with respect to corporate governance, see the Report of the Governance & Nominating Committee on page 5.

Corporate Governance Materials. The Company's Corporate Governance Guidelines, Code of Honor and the charters of the Audit, Compensation & Benefits, and Governance & Nominating Committees are available on the Company's website at www.owens-minor.com/corporate-governance and are available in print to any shareholder upon request to Corporate Secretary, Owens & Minor, Inc., 4800 Cox Road, Glen Allen, VA 23060.

Code of Honor. The Board of Directors has adopted a Code of Honor that is applicable to all employees of the Company, including the principal executive officer, the principal financial officer and the principal accounting officer, as well as the members of the Board of Directors. The Code of Honor is available on the Company's website at www.owens-minor.com/corporate-governance. The Company intends to post any amendments to or waivers from its Code of Honor (to the extent applicable to the Company's chief executive officer, principal financial officer, principal accounting officer, any other executive officer or any director) on its website.

Director Independence. The Board of Directors determined in 2005 that the following ten members of its twelve-member Board are "independent" within the meaning of NYSE listing standards and the Company's Corporate Governance Guidelines: A. Marshall Acuff, Jr., J. Alfred Broaddus, Jr., John T. Crotty, James B. Farinholt, Jr., Richard E. Fogg, Vernard W. Henley, Peter S. Redding, James E. Rogers, James E. Ukrop and Anne Marie Whittemore. To assist it in making determinations of independence, the Board has adopted categorical standards which are contained in Section I of the Company's Corporate Governance Guidelines included in this proxy statement as Annex A. The Board has determined that all directors identified as independent in this proxy statement meet these standards.

REPORT OF THE GOVERNANCE & NOMINATING COMMITTEE

The Governance & Nominating Committee was formed by the Board of Directors in 1996 to promote good corporate governance practices. Composed of five independent directors who met five times during 2004, the Governance & Nominating Committee operates under a charter that sets forth its purpose:

- (i) to assist the Board by identifying and recommending nominees for election to the Board;
- (ii) to oversee the governance of the Company, including recommending to the Board corporate governance guidelines for the Company;
- (iii) to lead the Board in its annual review of the Board's performance; and
- (iv) to recommend to the Board director nominees for each Board committee and each committee chairperson.

The Governance & Nominating Committee continues to study and implement good corporate governance practices at Owens & Minor as it endeavors to stay on the leading edge of corporate governance matters. Under the Committee's guidance, the Company's Corporate Governance Guidelines (included in this proxy statement as Annex A) were revised in 2004 to enhance the role and responsibilities of the Lead Director.

In addition, during the past year, the Governance & Nominating Committee focused on establishing a more formal and organized director continuing education policy and a new director orientation program. In 2004, the Company held three in-house director education seminars provided by outside experts and several directors attended director education programs accredited by Institutional Shareholder Services.

Finally, the Committee recruited two distinguished new outside directors who will stand for election at the 2005 Annual Meeting of Shareholders. Both nominees, J. Alfred Broaddus, Jr. and Eddie N. Moore, Jr., were recommended by non-management directors of the Company and, as part of their assessment by the Governance & Nominating Committee and the Board in accordance with the Company's Corporate Governance Guidelines, were determined to be independent.

The Governance & Nominating Committee's charter, together with the Corporate Governance Guidelines, can be viewed on the Company's website. The Governance & Nominating Committee has welcomed the recent efforts of legislators, the SEC and the NYSE to refine corporate governance practices and will continue to support the implementation of corporate governance best practices at Owens & Minor.

BOARD MEETINGS

The Board of Directors held six meetings during 2004. All directors attended at least 75% of the meetings of the Board and committees on which they served. The Company's Corporate Governance Guidelines provide that, absent unusual or unforeseen circumstances, directors are expected and encouraged to attend each annual meeting of shareholders. All directors attended the 2004 Annual Meeting of Shareholders.

Under the Company's Corporate Governance Guidelines, non-management directors meet in executive session following each regularly scheduled Board meeting. These meetings are chaired by a Lead Director who is elected annually by the non-management directors following each Annual Meeting of Shareholders. James E. Rogers currently serves as Lead Director and presides over these executive sessions. As Lead Director, Mr. Rogers is also invited to participate in meetings of all Board committees but is permitted to vote only in the meetings of committees of which he is a member. DIRECTOR NOMINATING PROCESS

Director Candidate Recommendations and Nominations by Shareholders. The Governance & Nominating Committee charter provides that the Governance & Nominating Committee will consider director candidate recommendations by shareholders. Shareholders should submit any such recommendations to the Governance & Nominating Committee through the method described under “Communications with the Board of Directors” on page 8. In addition, the Company’s Bylaws provide that any shareholder of record and entitled to vote for the election of directors at the applicable meeting of shareholders may nominate directors by complying with the notice procedures set forth in the bylaws and summarized in “Shareholder Proposals” on page 29.

Process for Identifying and Evaluating Director Candidates. The Governance & Nominating Committee evaluates all director candidates in accordance with the director qualification standards described in the Corporate Governance Guidelines. The Governance & Nominating Committee evaluates any candidate’s qualifications to serve as a member of the Board based on the skills and characteristics of individual Board members as well as the composition of the Board as a whole. In addition, the Governance & Nominating

Committee will evaluate a candidate's independence and diversity, age, skills and experience in the context of the Board's needs. The Company's Bylaws provide that no director nominee can stand for election if, at the time of appointment or election, the nominee is over the age of 69. There are no differences in the manner in which the Governance & Nominating Committee evaluates director candidates based on whether the candidate is recommended by a shareholder. The Governance & Nominating Committee did not receive any recommendations from any shareholders in connection with the Annual Meeting.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has approved a process for shareholders to send communications to the Board. Shareholders can send written communications to the Board, any committee of the Board, the Lead Director or any other individual director at the following address: P.O. PROPOSAL 2: APPROVAL OF PROPOSED OWENS & MINOR, INC. 2005 STOCK INCENTIVE PLAN

The Board of Directors proposes that the shareholders approve the Owens & Minor, Inc. 2005 Stock Incentive Plan (the "2005 Plan") adopted by the Board on February 4, 2005, subject to the approval of the Company's shareholders.

In 1998, the Board of Directors adopted, and the shareholders approved, the Owens & Minor, Inc. 1998 Stock Option and Incentive Plan (the "1998 Plan"). In 2001, the Board of Directors adopted, and the shareholders approved, an amendment to the 1998 Plan to increase the number of shares that could be issued under the 1998 Plan from 1,380,000 shares to 2,780,000 shares and to extend its expiration date to April 28, 2005.

The 1998 Plan expires on April 28, 2005 and the Board wishes to replace it with the 2005 Plan. The following paragraphs summarize the principal features of the 2005 Plan. A copy of the full text of the 2005 Plan is included as Annex B to this Proxy Statement.

Summary of the 2005 Stock Incentive Plan

Purposes. The Board believes that the 2005 Plan will benefit the Company by assisting it in recruiting and retaining key employees and members of the Board by enabling them to participate in the future success of the Company and its related entities and associating their interests with those of the Company and its shareholders.

Administration. The Compensation & Benefits Committee (the "Compensation Committee") will administer the 2005 Plan except that awards to non-employee directors will be administered by the Governance & Nominating Committee (subject to final approval of the Board). The Compensation Committee may delegate its authority to administer the 2005 Plan to one or more officers of the Company; provided that, it may not delegate its authority with respect to individuals who are subject to Section 16 ("Section 16") of the Securities

[Table of Contents](#)

Exchange Act of 1934 (the “Exchange Act”). As used in this summary, the term “Administrator” means the Compensation Committee and any delegate or, in the case of awards to non-employee directors, the Governance & Nominating Committee.

Eligibility. Each employee of the Company or a related entity, any member of the Board or a person who provides services to the Company or a related entity is eligible to participate in the 2005 Plan. The Administrator will select the individuals who will participate in the 2005 Plan (“Participants”). The Administrator may, from time to time, grant stock options, stock appreciation rights (“SARS”), stock awards, incentive awards or performance shares to Participants.

Options. Options granted under the 2005 Plan may be incentive stock options (“ISOs”) or nonqualified stock options. A stock option entitles the Participant to purchase shares of Common Stock from the Company at the option price. The option price will be fixed by the Administrator at the time the option is granted, but the price cannot be less than the fair market value of the Common Stock on the date of grant. The Administrator cannot adjust or amend the exercise price of a previously granted option whether through amendment, cancellation, replacement grant or any other means (except for adjustments to reflect changes in the Company’s capitalization). The option price may be paid in cash, with shares of Common Stock, or with a combination of cash and Common Stock. No individual may be awarded, in any consecutive 36-month period, options covering more than 2,000,000 shares of Common Stock.

SARs. SARs entitle the Participant to receive, with respect to each share of Common Stock encompassed by the exercise of the SAR, an amount determined by the Administrator and set forth in an agreement. In the absence of such a determination, the SAR holder will receive the excess of the fair market value of a share of Common Stock on the date of exercise over the initial value of the SAR. The initial value of a SAR granted independently of an option is determined by the Administrator on the date of grant but cannot be less than the fair market value of a share of Common Stock on the date of grant. The initial value of a Corresponding SAR (defined below) is the option price per share of the related option. The Administrator cannot adjust or amend the initial value of a previously granted SAR whether through amendment, cancellation, replacement grant or any other means (except for adjustments to reflect changes in the Company’s capitalization). The amount payable upon the exercise of an SAR may be paid in cash, Common Stock, or a combination of the two. No individual may be granted, in any consecutive 36-month period, SARs with respect to more than 2,000,000 shares of Common Stock. SARs may be granted in relation to option grants (“Corresponding SARs”) or independently of option grants. The difference between these two types of SARs is that to exercise a Corresponding SAR, the Participant must surrender, unexercised, that portion of the stock option to which the Corresponding SAR relates and vice versa.

Stock Awards. Participants may be awarded shares of Common Stock pursuant to a stock award. The Administrator, in its discretion, may prescribe that a Participant’s rights in a stock award shall be non-transferable or forfeitable or both unless certain conditions are satisfied. These conditions may include, for example, a requirement that the Participant continue employment with or service to the Company or a related entity for a specified period or that the Company, a related entity or an operating unit achieve certain Performance Objectives (described below). If a Participant’s rights in a stock award are restricted, the period of restriction until full vesting generally cannot be less than three years. However, the minimum period of restriction is one year in the case of stock awards granted to a nonemployee director and stock awards that vest based on achieving Performance Objectives. No individual may be granted, in any consecutive 36-month period, stock awards covering more than 500,000 shares of Common Stock.

Performance Shares. The 2005 Plan permits the award of performance shares. A performance share award entitles the Participant to receive a payment equal to the fair market value of a specified number of shares of Common Stock if certain requirements are met. The Administrator will prescribe the requirements that must be satisfied before a performance share award is earned. The performance share requirements may include, for

Table of Contents

example, a requirement that the Participant continue employment with or service to the Company or a related entity for a specified period or that the Company, a related entity, or an operating unit achieve certain Performance Objectives (described below). The period in which any performance criteria must be satisfied generally cannot be less than three years. However, the minimum period of restriction is one year in the case of performance shares awarded to a nonemployee director and performance shares that are earned based on achieving Performance Objectives. To the extent that performance shares are earned, the obligation may be settled in cash, by the grant of a stock award or by a combination of the two. No individual may be granted, in any consecutive 36-month period, performance shares covering more than 500,000 shares of Common Stock.

Incentive Awards. The 2005 Plan allows the Administrator to grant incentive awards. An incentive award entitles the Participant to receive a cash payment from the Company or one of its related entities. The Administrator will prescribe the requirements that must be satisfied before an incentive award is earned. The incentive award requirements may include, for example, a requirement that the Participant continue employment with or service to the Company or a related entity for a specified period or that the Company, a related entity or an operating unit achieve certain Performance Objectives (described below). The period in which any performance criteria must be satisfied cannot be less than one year. No individual may be granted, in any consecutive 36-month period, incentive awards exceeding \$3,000,000.

Performance Objectives. The Administrator may condition grants and awards under the 2005 Plan on the achievement of objectives based on the Company's, a related entity's, an operating unit's or a business segment's (i) gross, operating or net earnings before or after taxes, (ii) return on equity, (iii) return on capital, (iv) return on sales, (v) return on assets or net assets, (vi) earnings per share, (vii) cash flow per share, (viii) book value per share, (ix) earnings growth, (x) sales growth, (xi) volume growth, (xii) cash flow (as defined by the Compensation Committee), (xiii) fair market value of the Common Stock, (xiv) share price or total shareholder return, (xv) market share, (xvi) productivity, (xvii) level of expenses, (xviii) quality, (xix) safety, (xx) customer satisfaction, (xxi) total economic value added or (xxii) peer group comparisons of any of the aforementioned criteria.

Share Authorization. The maximum number of shares of Common Stock that may be issued under the 2005 Plan is 3,000,000 shares plus the number of shares of Common Stock remaining available for issuance under the 1998 Plan on the effective date of the 2005 Plan. The maximum aggregate number of shares of Common Stock that may be issued under the plan is subject to additions as provided below and adjustment as the Compensation Committee deems to be equitably required in the event of a stock dividend, stock split, combination, reclassification, recapitalization or other similar events.

Share Additions. If any awards granted under the 2005 Plan, or awards granted under the 1998 Plan and outstanding on the effective date of the 2005 Plan, are cancelled, forfeited, expire or otherwise terminate without the issuance of shares of Common Stock, or if any award is settled for cash or otherwise does not result in the issuance of all or a portion of the shares of Common Stock subject to such award, the shares of Common Stock shall, to the extent of such cancellation, forfeiture, expiration, termination, cash settlement or non-issuance, again be available for issuance under the 2005 Plan.

In addition, if (i) any option granted under the 2005 Plan is exercised by the surrender of Common Stock (either actually or by attestation) or by the withholding of shares of Common Stock by the Company or (ii) withholding tax liabilities resulting from such option or other award granted under the plan are satisfied by the withholding of shares of Common Stock (not to exceed the minimum required tax withholding rate), then only the number of shares of Common Stock issued net of the shares of Common Stock tendered or withheld shall be deemed issued for purposes of determining the maximum number of shares of Common Stock available for issuance under the 2005 Plan. Furthermore, shares of Common Stock available for issuance under the 2005 Plan will not be reduced on account of the assumption or substitution of awards previously granted by a company that is combined with, or acquired by, the Company or a related entity.

Table of Contents

Finally, shares of Common Stock reacquired by the Company on the open market using Option Proceeds (defined below) shall be available for issuance under the 2005 Plan; provided that the number of such shares shall not be greater than the amount of the Option Proceeds divided by the fair market value of a share of Common Stock on the date of exercise of the option(s) giving rise to such Option Proceeds. Option Proceeds means the cash actually received by the Company in connection with the exercise of options granted under the 2005 Plan or granted under the 1998 Plan that are exercised after the effective date of the 2005 Plan plus the maximum tax benefit that could be realized by the Company as a result of the exercise of such options.

On March 3, 2005, the fair market value of the Common Stock was \$27.73 per share.

Expiration, Termination and Amendment. No performance shares may be awarded and no stock award, option, SAR or incentive award may be granted under the 2005 Plan more than ten years after the date that the 2005 Plan is approved by the Company's shareholders. The Board may sooner terminate the 2005 Plan without further action by shareholders. The Board may also amend the 2005 Plan except that no amendment that (1) increases the number of shares of Common Stock that may be issued under the plan, (2) changes the class of individuals who may be selected to participate in the plan or (3) is required by NYSE rules to be approved by shareholders will be effective until it is approved by shareholders.

New Plan Benefits. Neither the number of individuals who will be selected to participate in the 2005 Plan nor the type or size of awards that will be approved by the Administrator can be determined. The Company is also unable to determine the number of individuals who would have participated in the 2005 Plan or the type or size of awards that would have been made under such plan had it been in effect in 2004.

Change in Control. The terms of an agreement between the Company and a Participant specifying the terms and conditions of an award under the 2005 Plan may provide that, upon a Change in Control (as defined in the 2005 Plan), options or SARs will become exercisable, stock awards will become transferable and nonforfeitable and performance awards and incentive awards shall be earned, all in accordance with the terms of the applicable agreement. In addition, in the event of a Change in Control, the Compensation Committee may in its discretion provide that (i) an outstanding option, SAR, stock award, performance share or incentive award be assumed by, or replaced with, a substitute award granted by the surviving entity in the Change in Control or (ii) an outstanding option, SAR, stock award or performance share be cancelled in exchange for a payment in cash, shares of Common Stock or other securities or consideration received by shareholders in the Change in Control transaction.

The Company may reduce the benefits payable under the 2005 Plan if the benefit, payment or accelerated vesting of the award would result in a "parachute payment" under the Internal Revenue Code. In that event the benefit payable under the 2005 Plan may be reduced to the maximum amount that may be paid without the participant incurring liability for the Code's parachute payment excise tax. The 2005 Plan benefits will not be reduced, however, if the participant will realize greater after-tax benefits by receiving the full benefits and paying his or her own excise tax liability. Nor will the 2005 Plan benefits be reduced in the case of any Participant who is entitled to indemnification from the parachute payment excise tax pursuant to an agreement with the Company.

Federal Income Tax Consequences

The Company has been advised by counsel regarding the federal income tax consequences of the 2005 Plan. No income is recognized by a Participant at the time an option is granted. If the option is an ISO, no income will be recognized upon the Participant's exercise of the option. Income is recognized by a Participant when he or she disposes of shares acquired under an ISO. The exercise of a nonqualified stock option generally is a taxable event that requires the participant to recognize, as ordinary income, the difference between the shares' fair market value and the option price.

[Table of Contents](#)

No income is recognized upon the grant of a SAR. The exercise of a SAR generally is a taxable event. The Participant generally must recognize ordinary income equal to the total of any cash that is paid to the Participant and the fair market value of any Common Stock that is received in settlement of a SAR.

The Participant will recognize ordinary income on account of a stock award on the first day that the shares are either transferable or not subject to a substantial risk of forfeiture. The amount of ordinary income recognized by the Participant is equal to the fair market value of the Common Stock received on the date such restrictions lapse.

The Participant will recognize ordinary income on account of the settlement of a performance share award. The Participant will recognize ordinary income equal to any cash that is paid and the fair market value of Common Stock (on the date that the shares are first transferable or not subject to a substantial risk of forfeiture) that is received in settlement of the award.

The Participant will recognize ordinary income equal to the amount of any cash paid under an incentive award.

The employer (either the Company or a related entity) will be entitled to claim a federal income tax deduction on account of the exercise of a nonqualified option or SAR, the vesting of a stock award, the settlement of a performance share award, and the settlement of an incentive award. The amount of the deduction is equal to the ordinary income recognized by the Participant. The employer will not be entitled to a federal income tax deduction on account of the grant or the exercise of an ISO. The employer may claim a federal income tax deduction on account of certain dispositions of Common Stock acquired upon the exercise of an ISO.

PROPOSAL 3: APPROVAL OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has selected KPMG LLP to serve as the Company's independent registered public accountants for 2005, subject to ratification by the shareholders. Representatives of KPMG LLP will be present at the Annual Meeting to answer questions and to make a statement, if they desire to do so.

The Board of Directors recommends a vote FOR the ratification of the appointment of KPMG LLP to serve as Owens & Minor's independent registered public accountants for 2005.

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

For each of the years ended December 31, 2003 and 2004, KPMG LLP billed the Company the fees set forth below in connection with professional services rendered by that firm to the Company:

	<u>Year 2003</u>	<u>Year 2004</u>
Audit Fees	\$216,950	\$724,000
Audit-Related Fees	\$ 29,500	\$ 22,360
Tax Fees	\$ 12,760	\$ 0

In 2004, audit fees also include fees of \$490,000 for professional services rendered for the audits of (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

Audit-Related Fees. These are fees primarily for the annual audits of the Company's employee benefit plan financial statements and consultations by management related to financial accounting and reporting matters.

Tax Fees. These are fees for non-audit related tax services provided to certain officers who selected KPMG LLP to provide personal tax assistance. The Company adopted a policy, effective beginning in 2004, that officers who receive personal tax services paid for by the Company as part of their compensation package may not select KPMG LLP to provide such services.

All Other Fees. KPMG LLP did not provide any services other than those described above.

The Audit Committee has established policies and procedures for the approval and pre-approval of audit services and permitted non-audit services. The Audit Committee has the responsibility to engage and terminate the Company's independent registered public accountants, to pre-approve their performance of audit services and permitted non-audit services and to review with the Company's independent registered public accountants their fees and plans for all auditing services. All services provided by and fees paid to KPMG LLP in 2004 were pre-approved by the Audit Committee and there were no instances of waiver of approval requirements or guidelines during this period. The Audit Committee's pre-approval policies and procedures for services by independent registered public accountants are appended to the Audit Committee Charter attached hereto as Annex C.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of four directors, each of whom is independent within the meaning of the listing standards of the NYSE. The Audit Committee is responsible for:

- Selecting the Company's independent registered public accountants, subject to shareholder ratification; and
- Overseeing and reviewing the accounting and financial reporting processes of the Company.

In this context, the Audit Committee has met and held discussions with management and KPMG LLP, the Company's independent registered public accountants. Management represented to the Audit Committee that the Company's consolidated financial statements for the year ended December 31, 2004 were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee has reviewed and discussed these consolidated financial statements with management and KPMG LLP, including the scope of the independent registered public accountants' responsibilities, critical accounting policies and practices used and significant financial reporting issues and judgments made in connection with the preparation of such financial statements.

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). Based on the Company's records and information provided by the directors and officers, the Company believes that the filing requirements were satisfied in 2004.

RETIREMENT PLANS

Pension Plan. The Company provides retirement benefits under a defined benefit pension plan to substantially all employees who had earned benefits as of December 31, 1996. Benefits under the pension plan are based upon both length of service and compensation and are determined under a formula based on an individual's earnings and years of credited service. Funding is determined on an actuarial basis. Effective December 31, 1996, participants in the pension plan ceased to accrue additional benefits; provided, however, that participants who had completed at least five years of service as of January 1, 1997 and whose age plus years of service equaled at least 65 continued to earn an accrued benefit until the earlier of (i) December 31, 2001 or (ii) retirement, death or termination of employment (with the exception of certain highly compensated employees if the pension plan did not meet certain coverage requirements of the Internal Revenue Code).

The following table shows estimated annual benefits payable under the pension plan at normal retirement age of 65 years based on the specified remuneration and years of service:

Average Compensation(1)	Average Straight Life Annuity Benefits Based On Years of Credited Service

(1) Average compensation represents compensation based upon a benefit formula applied to an employee's career average earnings, which approximates the amount of salary set forth in the Summary Compensation Table. The maximum amount of covered compensation is \$170,000, or some other amount as may be determined by the Secretary of Treasury pursuant to Section 401(a)(17) of the Internal Revenue Code.

Benefits are computed on a straight life annuity basis and are not subject to offset for Social Security benefits or other amounts. The years of service credited to the Named Executive Officers and the annual benefits payable to the Named Executive Officers under the pension plan at normal retirement age of 65 years based on remuneration and years of service as of December 31, 2001 are as follows: Mr. Minor, 36 years, \$77,818; Mr. Smith, 11 years, \$10,144; Mr. Berling, 33 years, \$48,963; Mr. Kaczka, not eligible; and Mr. Van Sumeren, not eligible.

Supplemental Executive Retirement Plan. The Company provides supplemental retirement benefits to certain employees selected by the Compensation Committee under the Supplemental Executive Retirement Plan ("SERP"). The SERP entitles participants who meet its age and service requirements to receive a specified percentage (in the case of Messrs. Minor, Smith and Berling, 65%, and the other Named Executive Officers, 60%) of the participant's average base monthly salary (plus bonus for certain participants, including the Named Executive Officers) during the five years preceding his or her retirement reduced by the benefit payable under the

pension plan, Social Security and any defined benefit pension plan of a prior employer. The estimated annual benefits payable under the SERP upon retirement at normal retirement age for the Named Executive Officers are:

Mr. Minor \$676,286, Mr. Smith \$568,477, Mr. Berling \$280,378, Mr. Kaczka \$316,002, and Mr. Van Sumeren \$299,451.

SEVERANCE AGREEMENTS

On December 31, 2004, the Board of Directors amended and restated the form of executive severance agreement entered into by the Company with certain officers (including the Named Executive Officers). The purpose of the severance agreements is to encourage key management personnel to remain with the Company and to avoid distractions regarding potential or actual changes in control of the Company.

The severance agreements provide for the payment of a severance benefit if the officer's employment with the Company is terminated within two years after a change in control unless such termination is (i) due to death or disability, (ii) by the Company for cause (as defined therein) or (iii) by the officer for good reason (as defined therein). For the Named Executive Officers, the severance benefit is equal to 2.99 times the officer's annual base salary plus bonus. In consideration for any severance benefits paid, the severance agreements impose certain non-competition and non-solicitation restrictive covenants on the officers and prohibit the disclosure and use of confidential Company information.

Each severance agreement continues in effect through December 31, 2005, and unless notice is given to the contrary, the term is automatically extended for an additional year at the end of each year.

REPORT OF THE COMPENSATION & BENEFITS COMMITTEE

The Compensation Committee is comprised of five independent directors who are not current or past employees of the Company. The Compensation Committee's philosophy is to:

- establish and maintain programs and practices that promote achievement of the Company's strategic objectives,
- provide rewards that reflect the Company's performance, and
- align executives' financial interests with those of shareholders.

Accordingly, compensation for executives is based on measures of the Company's financial performance and strategic results intended to translate into increased shareholder value.

The Compensation Committee also strives to maintain market competitive compensation levels. To meet this objective, the Compensation Committee evaluates executive compensation levels through comparisons to the peer companies included in the performance graph of this Proxy Statement and other companies of similar size and operating characteristics. Base salaries are targeted at the competitive market median for similarly experienced executives. Annual incentive compensation opportunities, when combined with base salaries, are intended to reach competitive median total cash compensation levels as warranted by the Company's and the individual officer's performance. Longer-term incentive compensation opportunities, such as stock options and restricted stock, link executive compensation with achievement of strategic objectives and shareholder value growth. This combination is intended to focus management on both the annual and longer-term success of the Company.

Committee Process and Compensation Administration

To maintain the desired level of competitiveness and technically sound compensation and benefit programs, the Compensation Committee obtains information and guidance from the Company's Human Resources Department as well as independent outside advisors. It reviews available compensation information for executive

[Table of Contents](#)

officers of the peer and other comparable companies. In addition, the Compensation Committee considers the total value of the annual compensation for each executive and all executives as a group. Periodically, the Compensation Committee also reviews the total compensation that would be paid to executive officers upon the occurrence of certain events, particularly an officer's retirement or a change in control of the Company. In connection with approving amendments to both the Company's SERP and form of executive severance agreement in 2004, the Compensation Committee reviewed the compensation that would be paid to each executive officer at retirement and upon a change in control transaction that resulted in the payment of benefits.

In deciding base salary levels, incentive payments and granting of stock options and restricted stock, the Compensation Committee seeks recommendations from the Chief Executive Officer and the President on senior executives. The Compensation Committee meets in executive session, without the presence of management (including the Chief Executive Officer), to evaluate the performance of and determine compensation levels for the Chief Executive Officer.

2004 Developments

During 2004, the Compensation Committee, with the assistance of an independent outside consultant, comprehensively reviewed the Company's overall executive benefit program to ascertain whether its plans and benefits were appropriate, market competitive and consistent with corporate governance best practices. As a result of this undertaking, the Compensation Committee made a number of changes to the Company's benefit programs of which the following are most notable:

- Revised the form of executive severance agreement to be more restrictive by requiring "good reason" in the event of a voluntary termination by an executive upon a change of control and to add non-competition and non-solicitation restrictive covenants for the benefit of the Company;
- Amended the SERP to reduce the percentage rate of payable benefits for the majority of participating officers in keeping with best practices of other comparable companies; and
- To offer a more competitive total compensation program, adopted an unfunded Deferred Compensation Plan that permits certain officers, including the Named Executive Officers, to defer receipt of their salary and/or annual incentive payments.

Components of Executive Compensation

Base Salary

Executive officer base salaries in 2004 were based on median competitive compensation data, overall individual and Company performance levels and expected future contribution to the Company. The Compensation Committee reviews base salaries each April and makes appropriate adjustments. The 2004 salaries for the Named Executive Officers presented in the "Summary Compensation Table" are the actual salaries received by such officers during the year. In April 2004, The Chief Executive Officer received an increase in base salary of 3% from \$735,420 to \$757,483.

Annual Incentive

Each year the Compensation Committee meets to review key aspects of the upcoming year's business plan and establish annual incentive goals for each corporate officer (the "Annual Incentive Plan"). These goals are weighted to reflect their importance and contribution to Company performance.

The Annual Incentive Plan for 2004 was designed to provide incentive compensation targets of between 40% and 75% of base salary for the Named Executive Officers, subject to the achievement of the Company's target performance objectives. The target incentive was based on achievement of financial performance targets established for net income, net sales and other financial and operational objectives designed to promote key Company initiatives, including SG&A and gross margin objectives. The incentive amount increased or decreased

[Table of Contents](#)

in relationship to the financial performance targets and no incentive would have been payable (other than possible discretionary bonuses) if financial performance was below a specified minimum level. The performance targets were established by the Compensation Committee and approved by the Board of Directors in the fourth quarter of 2003.

In February 2005, the Compensation Committee met to discuss performance compared to Annual Incentive Plan goals as well as the Company's longer-term strategic business goals. These longer-term business goals centered around the Company's strategic objectives to increase profitable revenue growth through innovative programs and operational efficiencies while maintaining its focus on customer service excellence.

For 2004 the Company reported a 6.6% increase in revenue to \$4.53 billion from \$4.24 billion in 2003. Net income increased 12.8% to \$60.5 million compared to \$53.6 million in 2003. Net income per diluted common share increased 7.7% to \$1.53 compared to \$1.42 in 2003. Gross margin for 2004 was 10.2% of revenue compared to 10.3% in 2003 and SG&A expense held steady at 7.5% of revenue.

Based on these and other financial and operational results, the Company achieved 90% of its overall annual incentive target. Upon consideration of these results, the Compensation Committee awarded payments ranging from 26% to 54% of base salary for the Named Executive Officers (other than the Chief Executive Officer) for performance achieved in 2004. The Chief Executive Officer, whose target incentive was 75% of base salary, earned a bonus of \$511,016 (67% of his base salary), 20% of which was paid in Common Stock as discussed below.

Under the Company's Annual Incentive Plan, 80% of the annual incentive is paid in cash and 20% in Common Stock. This feature of the plan is designed to align the interests of executives with shareholders by increasing executive stock ownership while furthering executive retention. The shares are restricted and vest after three years, provided the officer remains an employee of the Company. The Chief Executive Officer received a cash award of \$408,813 and a restricted stock award of 3,543 shares for 2004.

Long-Term Incentive

The Company's 1998 Stock Option and Incentive Plan permits the Compensation Committee to consider grants of non-qualified stock options, incentive stock options, restricted and performance-based awards, and stock appreciation rights. The Compensation Committee's decision to approve stock awards in addition to those granted in connection with the Annual Incentive Plan as described above is discretionary and largely determined by financial performance, strategic accomplishments and individual contributions, although there are no specific performance targets for this purpose. Stock award decisions may also be based upon outstanding individual performance, job promotions and the assumption of greater responsibility within the Company.

The Compensation Committee believes stock option grants have historically been effective in focusing executives on enhancing long-term profitability and shareholder value. In 2004, the Compensation Committee granted 30,000 stock options to the Chief Executive Officer to encourage future growth in shareholder returns. Stock option grants were also provided to the other Named Executive Officers. The options were granted at fair market value and have a term of seven years. The Compensation Committee believes a seven-year term incorporates a greater performance requirement than the traditional ten-year term used by many companies.

In December 2004, the Compensation Committee adopted a new long-term incentive strategy for 2005 that will shift the mix of long-term value awards from stock options only to a balanced approach of stock options and performance accelerated restricted stock. In February 2005, the Committee recommended, and the Board approved for ratification by the shareholders at the 2005 annual meeting, the proposed 2005 Stock Incentive Plan to replace the expiring 1998 Stock Option and Incentive Plan.

The Compensation Committee recognizes the importance of dilution management and, accordingly, equity usage historically has been conservative compared to the Company's peer group. The Compensation Committee will continue to take a responsible approach to dilution and equity usage by managing annual equity grants and

[Table of Contents](#)

adopting appropriate plan provisions, such as the seven-year option term. Through these practices, as well as monitoring of the competitive landscape, the Compensation Committee intends to continue the Company's equity grant programs while maintaining an appropriate balance with shareholder interests.

Management Equity Ownership Program

In 1997 the Compensation Committee approved the Owens & Minor, Inc. Management Equity Ownership Program ("MEOP") for members of the management team, including each of the Named Executive Officers. This program is intended to strengthen the alignment of management and shareholder interests by creating meaningful levels of stock ownership by management. An ownership target has been determined for each level of the management team. These targets range from four times salary for the Chief Executive Officer to one times salary for Vice Presidents. Eligible holdings in meeting these targets include direct holdings, indirect holdings, shares held through Company plans such as the 401(k) plan and stock purchase plan and restricted stock holdings. To encourage ownership and help senior officers meet their equity investment targets, participants may elect to receive a portion of their annual cash incentive award in restricted stock.

Participants are given a five-year period to reach the full target ownership amount with interim ownership targets to meet each year. As of December 31, 2004, the value of the stock owned by participants, in aggregate, well exceeded the aggregate full target ownership amount. The Named Executive Officers as a group have beneficial ownership levels (excluding stock options held) well above the median level of the Company's peer group, reflecting the Company's strong commitment to executive stock ownership.

If a participant meets his or her target level of ownership, a 10% annual equity ownership dividend (the dividend is reduced to 5% for the years subsequent to a participant reaching his or her full target ownership amount) is paid on all Common Stock owned up to the participant's full target level. The dividend is paid in the form of restricted stock that will vest five years after grant if the desired ownership level is maintained. If a participant's ownership falls below the desired level, a portion of his or her annual bonus and/or salary increase, if earned, will be paid in the form of restricted stock and dividend shares will be forfeited until the target ownership level is met. During 2004, the Chief Executive Officer was granted a dividend of 5,298 shares of restricted stock under the MEOP.

Corporate Tax Considerations

Section 162(m) of the Internal Revenue Code disallows corporate tax deductions for executive compensation in excess of \$1 million paid annually to Named Executive Officers. This law allows for certain exemptions to the deduction cap, including "performance-based compensation" as defined in the rules adopted under Section 162(m).

The Compensation Committee intends that the Company's pay plans generally be "performance-based" and therefore eligible for compensation expense deductions. The Compensation Committee, however, may exercise discretion to award compensation that is not tax deductible when it determines that doing so will better support the long-term goals of the Company and the interests of shareholders.

March 14, 2005

BY ORDER OF THE BOARD OF DIRECTORS

GRACE R. DEN HARTOG
Senior Vice President, General Counsel & Corporate Secretary

OWENS & MINOR, INC.
CORPORATE GOVERNANCE GUIDELINES

The following shall constitute the Corporate Governance Guidelines (the “Corporate Governance Guidelines”) of the Board of Directors of Owens & Minor, Inc. (the “Corporation”):

I. BOARD COMPOSITION AND STRUCTURE

1. Director Qualifications

The Board of Directors of the Corporation (the “Board”) will satisfy any independence requirement of the New York Stock Exchange as then in effect.

The Governance & Nominating Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of Board members as well as the composition of the Board as a whole.

This assessment will include members’ qualifications as independent (Directors shall inform the Chairman of that Committee of any matter bearing on the director’s independence), as well as consideration of diversity, age, skills and experience in the context of the Board’s needs as well as the members of the Board.

Nominees for directorship will be selected by the Governance & Nominating Committee in accordance with the policies and principles in its charter.

The invitation to join the Board will be extended by the Board through the Chairman of the Governance & Nominating Committee and the Chairman of the Board.

2. Independence Standards

A majority of the Directors shall be independent.

In order for a Director to be considered independent by the Board, he or she must (i) be free of any relationship that, applying the rules of the New York Stock Exchange, would preclude a finding of independence and (ii) not have material relationship (either directly or as a partner, shareholder or officer of an organization) with the Company or any of its affiliates or any executive officer of the Company or any of its affiliates. In evaluating the materiality of any such relationship, the Board of Directors shall take into consideration whether disclosure of the relationship would be required by the proxy rules under the Securities Exchange Act of 1934, as amended. If such disclosure is required, the Board of Directors must make a determination that the relationship is not material as a prerequisite to finding that the Director is independent.

3. Change in Principal Position

It is the sense of the Board that individual directors who change the responsibility they held when they were elected to the Board should volunteer to resign from the Board. Such a step provides an opportunity for the Board, through the Governance & Nominating Committee, to review the continued appropriateness of Board membership under the circumstances.

Directors should advise the Chairman of the Board and the Chairman of the Governance & Nominating Committee in advance of accepting an invitation to serve on another public company board.

[Table of Contents](#)

4. Term Limits

The Board does not believe that it is in the best interest of the Corporation or its shareholders to establish term limits for directors. The Governance & Nominating Committee will review each director's continuation on the Board every three years. This will allow each director the opportunity to conveniently confirm his or her desire to continue as a member of the Board. The Board does not believe it should establish term limits. While term limits could help insure that there are fresh ideas and viewpoints available to the Board, they have the significant disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into the Corporation and its operations and, therefore, provide an increasing contribution to the Board as a whole.

II. DIRECTOR RESPONSIBILITIES

1. Basic Responsibilities

The director's basic responsibility is to exercise his or her good faith business judgment of the best interests of the Corporation. In discharging that obligation, each director should be entitled to rely on the honesty and integrity of the Corporation's senior executives and its outside advisors and auditors absent evidence that makes such reliance unwarranted.

Directors are expected to attend Board meetings and meetings of committees on which they serve, to spend the time needed and meet as frequently as necessary to discharge properly their responsibilities. Information and data that are important to the Board's understanding of the business to be conducted at a Board or committee meeting should generally be distributed in writing to the directors before the meeting. Directors should review these materials in advance of the meeting.

The directors shall also be entitled (1) to have the Corporation purchase reasonable levels of directors' and officers' liability insurance on their behalf; (2) to the benefits of indemnification to the fullest extent permitted by law and the Corporation's Articles of Incorporation, Bylaws and any indemnification agreements; and (3) to exculpation as provided by Virginia law and the Corporation's Articles of Incorporation.

2. Separation of Offices of Chairman and CEO/Lead Director

The Board has no policy with respect to the separation of the offices of Chairman and the Chief Executive Officer. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Corporation for the Board to make a determination when it elects a new chief executive officer.

The Governance & Nominating Committee shall recommend for Board approval an independent director to serve as Lead Director. The Lead Director shall be elected annually by the Board following the election of directors at the annual meeting of the shareholders. The Lead Director shall:

- preside at Board meetings in the absence of the Chairman;
- preside at meetings of the independent directors; serve as principal liaison on behalf of the independent directors;
- advise the Chairman and the Committee Chairmen with respect to agendas and information needs relating to Board and Committee meetings;
- be authorized to call meetings of the Board and meetings of the independent directors, set agenda items for such meetings and perform such other duties as the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities.

[Table of Contents](#)

The identity of the Lead Director shall be disclosed in the annual proxy statement, together with a method for interested parties to communicate directly with the Lead Director.

3. Agenda

The Chairman will establish the agenda for each Board meeting in consultation with the Lead Director. At the beginning of the year the Chairman will establish a schedule of significant agenda subjects to be discussed during the year (to the degree this can be foreseen). Each Board member is encouraged to suggest the inclusion of items on the agenda. Each Board member is free to raise at any Board meeting subjects that are not on the agenda for that meeting. The Board will review the Corporation's long-term strategic plans and the principal issues that the Corporation will face in the future during at least one Board meeting each year.

4. Executive Session

The non-management directors will meet in executive session following each regularly scheduled Board meeting and at such other times as they may determine. The independent directors (excluding any non-management director who does not qualify as an independent director under the rules of the NYSE, if any) will meet in executive session at least annually. The Lead Director shall preside at these meetings.

5. Communication Policy

The Board believes that the management speaks for the Corporation. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Corporation. It is expected that Board members would do this with the knowledge of the management and, absent unusual circumstances or as contemplated by the committee charters, only at the request of management.

6. Code of Honor

At all times, directors will comply with the provisions of the Corporation's Code of Honor.

III. BOARD COMMITTEES

The Board will have at all times an Audit Committee, a Compensation & Benefits Committee and a Governance & Nominating Committee. The members of these committees will comply with any requirements of the New York Stock Exchange as then in effect. Committee members will be appointed by the Board upon recommendation of the Governance & Nominating Committee with consideration of the desires of individual directors. It is the sense of the Board that consideration should be given to rotating committee members periodically, but the Board does not feel that rotation should be mandated as a policy.

Each committee will have its own charter. The charters will set forth the purposes, goals and responsibilities of the committees as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure and operations and committee reporting to the Board. The charters will also provide that each committee will annually evaluate its performance.

The Chairman of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairman of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda. At the beginning of the year each committee will establish a schedule of the principal agenda subjects to be discussed during the year (to the degree these can be foreseen). The schedule for each committee will be furnished to all directors.

The Board may, from time to time, establish or maintain additional committees as necessary or appropriate.

IV. DIRECTOR ACCESS TO OFFICERS AND TEAMMATES

Directors have full and free access to officers and teammates of the Corporation and, as necessary and appropriate, to the Corporation's independent advisors. Any meetings or contacts that a director wishes to initiate may be arranged through the CEO or the Secretary or directly by the director. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Corporation and will, to the extent not inappropriate, copy the CEO on any written communications between a director and an officer or teammate of the Corporation, or advise the CEO of any such oral communications.

The Board welcomes regular attendance at each Board meeting of the Corporation's senior officers. If the CEO wishes to have additional Corporation personnel attend on a regular basis, this suggestion should be brought to the Board for approval.

V. DIRECTOR COMPENSATION

The form and amount of director compensation will be determined by the Board based on a recommendation of the Governance & Nominating Committee in accordance with the policies and principles set forth in its charter. The Governance & Nominating Committee will conduct an annual review of director compensation. The Governance & Nominating Committee will consider that directors' independence may be jeopardized if director compensation and perquisites exceed customary levels, if the Corporation makes substantial charitable contributions to organizations with which a director is affiliated, or if the Corporation enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated.

VI. DIRECTOR ORIENTATION AND CONTINUING EDUCATION

All new directors must participate in the Corporation's Orientation Program, which should be conducted within two months of the new director's election to the Board. This orientation will include presentations by senior management to familiarize new directors with the Corporation's strategic plans, its significant financial, accounting and risk management issues, its compliance programs, these Guidelines, its Code of Honor, its principal officers and its internal and independent auditors. In addition, the Orientation Program will include visits to Corporation headquarters and, to the extent practical, certain of the Corporation's significant facilities. All other directors are also invited to attend the Orientation Program.

All directors are encouraged to attend programs and seminars dealing with the role and responsibility of publicly owned company directors.

VII. CEO EVALUATION AND MANAGEMENT SUCCESSION

The Compensation & Benefits Committee and Governance & Nominating Committee will conduct annual reviews of the CEO's performance, as set forth in their charters. The Board of Directors will review the Committee reports in order to ensure that the CEO is providing the best leadership for the Corporation in the long- and short-term.

The Governance & Nominating Committee should make an annual report to the Board on succession planning. The Board will work with the Governance & Nominating Committee to nominate and evaluate potential successors to the CEO. The CEO should at all times make available his or her recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

VIII. ANNUAL PERFORMANCE EVALUATION

The Board of Directors will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Governance & Nominating Committee will receive comments from all directors and

[Table of Contents](#)

report annually to the Board with an assessment of the Board's performance. The assessment will focus on the Board's contribution to the Corporation and specifically focus on areas in which the Board or management believes that the Board can improve.

IX. DIRECTOR ATTENDANCE AT ANNUAL SHAREHOLDER MEETINGS

It is the Board's policy that, absent unusual or unforeseen circumstances, all of the directors of the Corporation are expected and encouraged to attend each Annual Meeting of the Corporation's shareholders.

X. CONSISTENCY WITH ARTICLES

To the extent that any provision or section of the Corporate Governance Guidelines may be inconsistent with any article, provision or section of the Articles of Incorporation or the Bylaws of the Corporation, the Articles of Incorporation or the Bylaws, as appropriate, shall fully control.

XI. AMENDMENT

These Corporate Governance Guidelines may be amended or altered at any meeting of the Board of Directors by affirmative vote of a majority of the number of Directors fixed by the Bylaws.

XII. CERTIFICATION

This Corporate Governance Guidelines, as amended, was duly approved and adopted by the Board of the Corporation on the 13th day of December, 2004.

With respect to Options or options granted under the 1998 Plan, to the extent that a Participant pays the option price and/or withholding taxes with shares of Common Stock, Option Proceeds shall not be calculated with respect to the amounts so paid in shares of Common Stock.

ARTICLE II
PURPOSES

The Plan is intended to assist the Company and Related Entities in recruiting and retaining key employees and members of the Board, and other individuals who provide services to the Company or a Related Entity by enabling such persons to participate in the future success of the Company and the Related Entities and to associate their interests with those of the Company and its shareholders. The Plan is intended to permit the award of Performance Shares, the grant of Stock Awards, SARs, the grant of both Options qualifying under Section 422 of the Code (“incentive stock options”) and Options not so qualifying, and the grant of Incentive Awards. No Option that is intended to be an incentive stock option shall be invalid for failure to qualify as an incentive stock option.

ARTICLE III
ADMINISTRATION

The Plan shall be administered by the Administrator; provided, however, that any actions of the Governance Committee with respect to awards to Nonemployee Directors shall be subject to the final approval by the Board. The Administrator shall have authority to award Performance Shares and to grant Stock Awards, Incentive Awards, Options and SARs upon such terms (not inconsistent with the provisions of this Plan) as the Administrator may consider appropriate. Such terms may include conditions (in addition to those contained in this Plan) on the exercisability of all or any part of an Option or SAR or on the transferability or forfeitability of a Stock Award, Incentive Award, or Performance Shares, including by way of example and not limitation, conditions on which Participants may defer receipt of benefits under the Plan, requirements that the Participant complete a specified period of employment or service with the Company or a Related Entity or that the Company achieve a specified level of financial performance. Notwithstanding any such conditions, the Committee may, in its discretion, accelerate the time at which any Option or SAR may be exercised, or the time at which a Stock Award may become transferable or nonforfeitable or the time at which an Incentive Award or an award of Performance Shares may be settled in connection with a termination of employment or service or a Change in Control of the Company. In addition, the Administrator shall have complete authority to interpret all provisions of this Plan; to prescribe the form of Agreements; to adopt, amend, and rescind rules and regulations pertaining to the administration of the Plan; and to make all other determinations necessary or advisable for the administration of this Plan. The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator. Any decision made, or action taken, by the Administrator or in connection with the administration of this Plan shall be final and conclusive, (subject to final approval by the Board of any actions of the Governance Committee in respect of awards to Nonemployee Directors). Neither the Administrator nor any member of the Committee shall be liable for any act done in good faith with respect to this Plan or any Agreement, Option, SAR, Stock Award, Incentive Award or award of Performance Shares. All expenses of administering this Plan shall be borne by the Company.

[Table of Contents](#)

The Compensation Committee, in its discretion, may delegate to one or more officers of the Company all or part of the Compensation Committee's authority and duties with respect to grants and awards to individuals who are not subject to the reporting and other provisions of Section 16 of the Exchange Act. The Compensation Committee may revoke or amend the terms of a delegation at any time, but such action shall not invalidate any prior actions of the Compensation Committee's delegate or delegates that were consistent with the terms of the Plan.

ARTICLE IV
ELIGIBILITY

4.01. GENERAL.

Any employee of the Company or a Related Entity (including a corporation that becomes a Related Entity after the adoption of this Plan), any member of the Board (whether or not an employee), or a person who provides services to the Company or a Related Entity (including a corporation that becomes a Related Company after the adoption of this Plan) is eligible to participate in this Plan if the Administrator, in its sole discretion, determines that such person has contributed significantly or can be expected to contribute significantly to the profits or growth of the Company or a Related Entity.

4.02. GRANTS.

The Administrator will designate individuals to whom an award of Performance Shares are to be granted and to whom Stock Awards, Incentive Awards, Options and SARs are to be granted and will specify the number of shares of Common Stock subject to each award or grant. An SAR may be granted with or without a related Option. Each award of Performance Shares and all Stock Awards, Options, SARs, and Incentive Awards granted under this Plan shall be evidenced by Agreements which shall be subject to the applicable provisions of this Plan and to such other provisions as the Administrator may adopt. No Participant may be granted incentive stock options or related SARs (under all incentive stock option plans of the Company and any Related Entity) which are first exercisable in any calendar year for stock having an aggregate Fair Market Value (determined as of the date an Option is granted) that exceed the limitation prescribed by Code section 422(d). The preceding annual limitation shall not apply with respect to Options that are not incentive stock options.

ARTICLE V
STOCK SUBJECT TO PLAN

5.01. SHARES ISSUED.

Upon the award of shares of Common Stock pursuant to a Stock Award, including a Stock Award issued to settle Performance Shares, the Company may issue shares of Common Stock from its authorized but unissued Common Stock. Upon the exercise of any Option or SAR the Company may deliver to the Participant (or the Participant's broker if the Participant so directs), shares of Common Stock from its authorized but unissued Common Stock.

5.02. AGGREGATE LIMIT.

The maximum aggregate number of shares of Common Stock that may be issued under this Plan is 3,000,000 shares, plus any shares of Common Stock remaining available for issuance under the 1998 Plan on the effective date of the Plan. The maximum aggregate number of shares of Common Stock that may be issued under this Plan shall be subject to adjustment as provided in Article X and Section 5.04.

5.03. INDIVIDUAL LIMITATIONS.

Subject to the limitation set forth in the preceding sections, no individual may, in any consecutive 36-month period, be granted or awarded (i) Options or SARs, covering more than 2,000,000 shares of Common Stock; (ii) Stock Awards or Performance Shares covering more than 500,000 shares of Common Stock; or (iii) Incentive

[Table of Contents](#)

Awards exceeding \$3,000,000. In applying the limitations of the preceding sentence, an Option and Corresponding SAR shall be treated as a single award. The limitations set forth in this Section 5.03 shall be subject to adjustment as provided in Article X.

5.04. SHARE ADD-BACKS.

If any shares of Common Stock subject to an award of Performance Shares or Options, SARs or Stock Awards granted under the Plan, or granted under the 1998 Plan and outstanding on the effective date of the Plan, are cancelled, forfeited, expire or otherwise terminate without the issuance of such shares of Common Stock, or if any award is settled for cash or otherwise does not result in the issuance of all or a portion of the shares of Common Stock subject to such award, the shares of Common Stock shall, to the extent of such cancellation, forfeiture, expiration, termination, cash settlement or non-issuance, again be available for issuance under the Plan.

In the event that (i) any Option granted under the Plan is exercised through the tendering of shares of Common Stock (either actually or by attestation) or by the withholding of shares of Common Stock by the Company, or (ii) withholding tax liabilities resulting from such Option or other award granted under the Plan are satisfied by the withholding of shares of Common Stock (not to exceed the minimum required tax withholding rate), then only the number of shares of Common Stock issued net of the shares of Common Stock tendered or withheld shall be deemed issued for purposes of determining the maximum number of shares of Common Stock available for issuance under the Plan. Furthermore, shares of Common Stock issued by the Company in assumption of, or in substitution or exchange for, awards previously granted, or the right or obligation to make future awards by a company acquired by the Company or Related Entity, or with which the Company or Related Entity combines, shall not reduce the maximum aggregate number of shares of Common Stock available for issuance under the Plan.

Shares of Common Stock reacquired by the Company on the open market using Option Proceeds shall again be available for issuance under the Plan. The increase in shares of Common Stock available pursuant to the repurchase of shares with Option Proceeds shall not be greater than the amount of such proceeds divided by Fair Market Value on the date of exercise of the option or option giving rise to such Option Proceeds.

ARTICLE VI
OPTIONS AND SARs

6.01. AWARDS.

In accordance with Article IV, and subject to the limitations set forth in Plan Section 5.03, the Administrator will designate each individual to whom an Option, SAR or both is to be made and will specify the number of shares of Common Stock covered by such awards.

6.02. OPTION PRICE OR INITIAL VALUE.

The price per share for Common Stock purchased on the exercise of an Option shall be determined by the Administrator on the date of grant; provided, however, that the price per share for Common Stock purchased on the exercise of any Option shall not be less than the Fair Market Value on the date the Option is granted. Notwithstanding the preceding sentence, the price per share for Common Stock purchased on the exercise of any Option that is an incentive stock option granted to an individual who is a Ten Percent Shareholder on the date such option is granted, shall not be less than one hundred ten percent (110%) of the Fair Market Value on the date the Option is granted. Except as provided in Article X, the Administrator may not reduce, adjust or amend the option price or Initial Value of a previously granted Option or SAR whether through amendment, cancellation, replacement grant or any other means without the approval of shareholders.

[Table of Contents](#)

6.03. MAXIMUM OPTION OR SAR PERIOD.

The maximum period in which an Option or SAR may be exercised shall be determined by the Administrator on the date of grant, except that no Option or SAR shall be exercisable after the expiration of seven years from the date such Option or SAR was granted. In the case of an incentive stock option or a Corresponding SAR granted to a Participant who is a Ten Percent Shareholder on the date of grant, such Option or its Corresponding SAR shall not be exercisable after the expiration of five years from the date of grant. The terms of any Option or SAR may provide that it is exercisable for a period less than such maximum period.

6.04. NONTRANSFERABILITY.

Any Option or SAR granted under this Plan shall be nontransferable except by will or by the laws of descent and distribution. In the event of any such transfer, the Option and any Corresponding SAR that relates to such Option must be transferred to the same person or person(s). During the lifetime of the Participant to whom the Option or SAR is granted, the Option or SAR may be exercised only by the Participant. No right or interest of a Participant in any Option or SAR shall be liable for, or subject to, any lien, obligation, or liability of such Participant.

6.05. TRANSFERABLE OPTIONS AND SARs.

Section 6.04 to the contrary notwithstanding, if the Agreement provides, an Option that is not an incentive stock option or an SAR, other than a Corresponding SAR that is related to an incentive stock option, may be transferred by a Participant to the Participant's children, grandchildren, spouse, one or more trusts for the benefit of such family members or a partnership in which such family members are the only partners, on such terms and conditions as may be permitted under Securities Exchange Commission Rule 16b-3 as in effect from time to time. The holder of an Option or SAR transferred pursuant to this section shall be bound by the same terms and conditions that governed the Option or SAR during the period that it was held by the Participant; provided, however, that such transferee may not transfer the Option or SAR except by will or the laws of descent and distribution. In the event of any transfer of an Option or SAR (by the Participant or his transferee), such Option and any Corresponding SAR must be transferred to the same person or persons or entity or entities.

6.06. EXERCISE.

Subject to the provisions of this Plan, an Option or SAR may be exercised in whole at any time or in part from time to time at such times and in compliance with such requirements as the Administrator shall determine; provided, however, that no Option or SAR shall be exercisable sooner than one year from the date the Option or SAR is granted, other than in the event of termination of employment or services or a Change in Control. A Corresponding SAR that is related to an incentive stock option may be exercised only to the extent that the related Option is exercisable and when the Fair Market Value exceeds the Option price of the related Option. An Option or SAR granted under this Plan may be exercised with respect to any number of whole shares less than the full number for which the Option or SAR could be exercised. A partial exercise of an Option or SAR shall not affect the right to exercise the Option or SAR from time to time in accordance with this Plan and the applicable Agreement with respect to the remaining shares subject to the Option or related to the SAR. The exercise of either an Option or Corresponding SAR shall result in the termination of the other to the extent of the number of shares with respect to which the Option or Corresponding SAR is exercised.

6.07. PAYMENT.

Unless otherwise provided by the Agreement, payment of the Option price shall be made in cash or a cash equivalent acceptable to the Administrator. Subject to rules established by the Committee, payment of all or part of the Option price may be made with shares of Common Stock to the Company. If Common Stock is used to pay all or part of the Option price, the sum of the cash and cash equivalent and the Fair Market Value of the surrendered shares (on the day preceding the exercise date) must not be less than the Option price of the shares for which the Option is being exercised.

6.08. DETERMINATION OF PAYMENT OF CASH AND/OR COMMON STOCK UPON EXERCISE OF SAR.

At the Administrator's discretion, the amount payable as a result of the exercise of an SAR may be settled in cash, Common Stock, or a combination of cash and Common Stock. A fractional share shall not be deliverable upon the exercise of an SAR but a cash payment will be made in lieu thereof.

6.09. SHAREHOLDER RIGHTS.

No Participant shall have any rights as a stockholder with respect to shares subject to his or her Option or SAR until the date of exercise of such Option or SAR.

**ARTICLE VII
STOCK AWARDS**

7.01. AWARDS.

In accordance with the provisions of Article IV, and subject to the limitations set forth in Plan Section 5.03, the Administrator will designate each individual to whom a Stock Award is to be made and will specify the number of shares of Common Stock covered by such awards. The limitation of Section 5.03 on the issuance of Stock Awards shall not limit the issuance of Stock Awards in settlement of Performance Share awards.

7.02. VESTING.

The Administrator, on the date of the award, may prescribe that a Participant's rights in the Stock Award shall be forfeitable or otherwise restricted for a period of time or subject to such conditions as may be set forth in the Agreement. By way of example and not of limitation, the restrictions may postpone transferability, vesting or both of the shares until the attainment of performance objectives prescribed by Committee or may provide that the shares will be forfeited if the Participant separates from the service of the Company and its Related Entities before the expiration of a stated term. If a Stock Award is not nonforfeitable and transferable upon its grant, the period of restriction until full vesting shall be at least three years, provided that the minimum period of restriction shall be at least one year in the case of a Stock Award to a Nonemployee Director or a Stock Award or that will become transferable and nonforfeitable on account of the satisfaction of performance objectives prescribed by the Administrator.

7.03. PERFORMANCE CRITERIA.

In accordance with Section 7.02, the Committee may prescribe that Stock Awards will become vested or transferable or both based on objectives stated with respect to one or more of the following performance criteria for the Company, a Related Entity, an operating unit or a business segment: (i) gross, operating or net earnings before or after taxes, (ii) return on equity, (iii) return on capital, (iv) return on sales, (v) return on assets or net assets, (vi) earnings per share, (vii) cash flow per share, (viii) book value per share, (ix) earnings growth, (x) sales growth, (xi) volume growth, (xii) cash flow (as defined by the Committee), (xiii) Fair Market Value, (xiv) total shareholder return, (xv) market share, (xvi) productivity, (xvii) level of expenses, (xviii) quality, (ix) safety, (xx) customer satisfaction, (xxi) total economic value added, or (xxii) peer group comparisons of any of the aforementioned criteria. If the Committee, on the date of the award, prescribes that a Stock Award shall become nonforfeitable and transferable only upon the attainment of objectives stated with respect to one or more of the foregoing performance criteria, the shares subject to such Stock Award shall become nonforfeitable and transferable only to the extent the Committee certifies that such objectives have been achieved.

7.04. SHAREHOLDER RIGHTS.

Prior to their forfeiture (in accordance with the terms of the Agreement and while the shares of Common Stock granted pursuant to the Stock Award may be forfeited), a Participant will have all rights of a shareholder with

[Table of Contents](#)

respect to a Stock Award, including the right to receive dividends and vote the shares; provided, however, that (i) a Participant may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of shares of Common Stock granted pursuant to a Stock Award, (ii) the Company shall retain custody of the certificates evidencing shares of Common Stock granted pursuant to a Stock Award, and (iii) the Participant will deliver to the Company a stock power, endorsed in blank, with respect to each Stock Award. The limitations set forth in the preceding sentence shall not apply after the shares of Common Stock granted under the Stock Award are no longer forfeitable.

ARTICLE VIII
PERFORMANCE SHARE AWARDS

8.01. AWARD.

In accordance with the provisions of Article IV and subject to the limitations set forth in Section 5.03, the Administrator will designate individuals to whom an award of Performance Shares is to be granted and will specify the number of shares of Common Stock covered by the award.

8.02. EARNING THE AWARD

The Administrator, on the date of the grant of an award, may prescribe that the Performance Shares, or portion thereof, will be earned, and the Participant will be entitled to receive Common Stock pursuant to a Stock Award, a cash payment or a combination thereof, only upon the satisfaction of certain requirements. By way of example and not of limitation, the restrictions may provide that Performance Shares shall be earned only upon the Participant's completion of a specified period of employment with the Company or Related Entity or upon the attainment of stated performance objectives or goals. The period for determining whether such requirements are satisfied shall be at least three years; provided that the period shall be at least one year in the case of Performance Shares awarded to a Nonemployee Director or a Performance Share award that will be earned upon the attainment of stated performance objectives or goals. Such objectives or goals may be based on one or more of the following performance criteria for the Company, a Related Entity, an operating unit or a business segment: (i) gross, operating or net earnings before or after taxes, (ii) return on equity, (iii) return on capital, (iv) return on sales, (v) return on assets or net assets, (vi) earnings per share, (vii) cash flow per share, (viii) book value per share, (ix) earnings growth, (x) sales growth, (xi) volume growth, (xii) cash flow (as defined by the Committee), (xiii) Fair Market Value, (xiv) share price or total shareholder return, (xv) market share, (xvi) productivity, (xvii) level of expenses, (xviii) quality, (xix) safety, (xx) customer satisfaction, (xxi) total economic value added or (xxii) peer group comparisons of any of the aforementioned criteria. If the Committee, on the date of the award, prescribes that Performance Shares shall be earned only upon the attainment of objectives stated with respect to one or more of the foregoing performance criteria, such Performance Shares shall be earned only to the extent the Committee certifies that such objectives have been achieved.

8.03. PAYMENT.

In the discretion of the Administrator, the amount payable when an award of Performance Shares is earned may be settled in cash, by the grant of a Stock Award or a combination of cash and a Stock Award. A fractional share shall not be deliverable when an award of Performance Shares is earned, but a cash payment will be made in lieu thereof.

8.04. SHAREHOLDER RIGHTS.

No Participant shall, as a result of receiving an award of Performance Shares, have any rights as a shareholder until and to the extent that the award of Performance Shares is earned and a Stock Award is made. A Participant may not sell, transfer, pledge, exchange, hypothecate, or otherwise dispose of a Performance Share award or the right to receive Common Stock thereunder other than by will or the laws of descent and distribution. After an award of Performance Shares is earned and a Stock Award is made, a Participant will have all the rights of a shareholder as described in Plan section 7.04 only if the Stock Award is in the form of shares of Common Stock.

ARTICLE IX
INCENTIVE AWARDS

9.01. AWARDS.

The Administrator shall designate Participants to whom Incentive Awards are made for annual incentive payments. All Incentive Awards shall be finally determined exclusively by the Administrator under the procedures established by the Administrator, subject to the limitations set forth in Section 5.03.

9.02. TERMS AND CONDITIONS.

The Administrator, at the time an Incentive Award is made, shall specify the terms and conditions which govern the award. Such terms and conditions may include, by way of example and not of limitation, requirements that the Participant complete a specified period of employment with the Company or a Related Entity or that the Company, a Related Entity, or the Participant attain stated objectives or goals as a prerequisite to payment under an Incentive Award. The period for determining whether such requirements are satisfied shall be at least one year. The objectives or goals may be based on one or more of the following performance criteria for the Company, a Related Entity, an operating unit or business segment: (i) gross, operating or net earnings before or after taxes, (ii) return on equity, (iii) return on capital, (iv) return on sales, (v) return on assets or net assets, (vi) earnings per share, (vii) cash flow per share, (viii) book value per share, (ix) earnings growth, (x) sales growth, (xi) volume growth, (xii) cash flow (as defined by the Committee), (xiii) Fair Market Value, (xiv) total shareholder return, (xv) market share, (xvi) productivity, (xvii) level of expenses, (xviii) quality, (xix) safety, (xx) customer satisfaction, (xxi) total economic value added or (xxii) peer group comparisons of any of the aforementioned criteria. If the Committee, on the date of the award, prescribes that the Incentive Award shall be earned only upon the attainment of objectives stated with respect to one or more of the foregoing performance criteria, such Incentive Award shall be earned only to the extent that the Committee certifies that such objectives have been achieved. The Administrator, at the time an Incentive Award is made, shall also specify when amounts shall be payable under the Incentive Award and whether amounts shall be payable in the event of the Participant's death, disability, or retirement.

ARTICLE X
ADJUSTMENT UPON CHANGE IN COMMON STOCK

The maximum number of shares as to which Options, SARs, Stock Awards and awards of Performance Shares may be granted under this Plan, the individual limitations set forth in Section 5.03, and the terms of outstanding awards of Performance Shares, Stock Awards, Options, SARs, and Incentive Awards shall be adjusted as the Committee shall determine to be equitably required in the event that (a) the Company (i) effects one or more stock dividends, stock split-ups, subdivisions or consolidations of shares or (ii) engages in a transaction to which Section 424 of the Code applies or (b) there occurs any other event which, in the judgment of the Committee is equitably required. Any determination made under this Article X by the Committee shall be final and conclusive.

The issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, for cash or property, or for labor or services, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, the maximum number of shares as to which Options, SARs, Stock Awards, and awards of Performance Shares may be granted, the terms of outstanding awards of Performance Shares, Stock Awards, Options, SARs, or Incentive Awards, or the individual limitations set forth in Section 5.03.

The Committee may make Stock Awards and may grant awards of Performance Shares, Options, and SARs in substitution for performance shares, phantom shares, stock awards, stock options, stock appreciation rights, or similar awards held by an individual who becomes an employee of the Company or a Related Entity in connection with a transaction described in the first paragraph of this Article X. Notwithstanding any provision of

[Table of Contents](#)

the Plan (other than the limitations of Article V), the terms of such substituted awards of Performance Shares, Stock Awards, Option or SAR grants shall be as the Committee, in its discretion, determines is appropriate.

ARTICLE XI
CHANGE IN CONTROL

11.01. IMPACT OF CHANGE IN CONTROL.

Sections 6.06, 7.02, 7.03 and 8.02 to the contrary notwithstanding, upon a Control Change Date, the terms of an Agreement may provide that (i) the Option and SAR shall be fully exercisable thereafter, (ii) the Stock Award will become transferable and nonforfeitable thereafter, (iii) the Performance Share shall be earned in its entirety and converted into a transferable and nonforfeitable Stock Award, and (iv) the Incentive Award shall be earned, in whole or in part, in accordance with the terms of the applicable Agreement.

11.02. ASSUMPTION UPON CHANGE IN CONTROL.

In the event of a Change in Control the Committee, in its discretion and without the need for a Participant's consent, may provide that an outstanding Option, SAR, Stock Award, Performance Share or Incentive Award shall be assumed by, or a substitute award granted by, the surviving entity in the Change in Control. Such assumed or substituted award shall be of the same type of award as the original Option, SAR, Stock Award, Performance Share or Incentive Award being assumed or substituted. The assumed or substituted award shall have a value, as of the Control Change Date, that is substantially equal to the value of the original award (or the difference between the Fair Market Value and the option price or Initial Value in the case of Options and SARs) as the Committee determines is equitably required and such other terms and conditions as may be prescribed by the Committee.

11.03. CASH-OUT UPON CHANGE IN CONTROL.

In the event of a Change in Control the Committee, in its discretion and without the need of a Participant's consent, may provide that each Option, SAR, Stock Award and Performance Share shall be cancelled in exchange for a payment. The payment may be in cash, shares of Common Stock or other securities or consideration received by stockholders in the Change in Control transaction. The amount of the payment shall be an amount that is substantially equal to (i) the amount by which the price per share received by stockholders in the Change in Control exceeds the Option price or Initial Value in the case of an Option and SAR, or (ii) the price per share received by stockholder for each share of Common Stock subject to a Stock Award and an award of Performance Shares.

ARTICLE XII
COMPLIANCE WITH LAW AND APPROVAL OF REGULATORY BODIES

No Option or SAR shall be exercisable, no Common Stock shall be issued, no certificates for shares of Common Stock shall be delivered, and no payment shall be made under this Plan except in compliance with all applicable federal and state laws and regulations (including, without limitation, withholding tax requirements), any listing agreement to which the Company is a party, and the rules of all domestic stock exchanges on which the Company's shares may be listed. The Company shall have the right to rely on an opinion of its counsel as to such compliance. Any share certificate issued to evidence Common Stock when a Stock Award is granted or for which an Option or SAR is exercised may bear such legends and statements as the Administrator may deem advisable to assure compliance with federal and state laws and regulations. No Option or SAR shall be exercisable, no Stock Award shall be granted, no Common Stock shall be issued, no certificate for shares shall be delivered, and no payment shall be made under this Plan until the Company has obtained such consent or approval as the Administrator may deem advisable from regulatory bodies having jurisdiction over such matters.

ARTICLE XIII
GENERAL PROVISIONS

13.01. DIVIDEND EQUIVALENTS.

The Administrator may, at the time of grant of any award of Options, SARs or Performance Shares, include as a part of such award an entitlement to receive a cash payment equal to the dividends that are payable with respect to the number of shares of Common Stock covered by the award, subject to such terms, conditions, restrictions and/or limitations, if any, as the Administrator may establish. All dividend equivalents that are not paid currently may, at the Administrator's discretion, be reinvested into additional notional units payable in shares of Common Stock, subject to the same vesting or performance conditions as the underlying award.

13.02. EFFECT ON EMPLOYMENT OR SERVICE.

Neither the adoption of this Plan, its operation, nor any documents describing or referring to this Plan (or any part thereof) shall confer upon any individual any right to continue in the employ or service of the Company or a Related Entity or in any way affect any right and power of the Company or a Related Entity to terminate the employment or service of any individual at any time with or without assigning a reason therefor.

13.03. UNFUNDED PLAN.

The Plan, insofar as it provides for grants, shall be unfunded, and the Company shall not be required to segregate any assets that may at any time be represented by grants under this Plan. Any liability of the Company to any person with respect to any grant under this Plan shall be based solely upon any contractual obligations that may be created pursuant to this Plan. No such obligation of the Company shall be deemed to be secured by any pledge of, or other encumbrance on, any property of the Company.

13.04. DISPOSITION OF STOCK.

A Participant shall notify the Administrator of any sale or other disposition of Common Stock acquired pursuant to an Option that was an incentive stock option if such sale or disposition occurs (i) within two years of the grant of an Option or (ii) within one year of the issuance of the Common Stock to the Participant. Such notice shall be in writing and directed to the Secretary of the Company.

13.05. RULES OF CONSTRUCTION.

Headings are given to the articles and sections of this Plan solely as a convenience to facilitate reference. The reference to any statute, regulation, or other provision of law shall be construed to refer to any amendment to or successor of such provision of law.

13.06. EMPLOYEE STATUS.

In the event that the terms of any award of Performance Shares, or Stock Award or Incentive Award or the grant of any Option or SAR provide that shares may be issued or become transferable and nonforfeitable thereunder only after completion of a specified period of employment or service, the Administrator may decide in each case to what extent leaves of absence for governmental or military service, illness, temporary disability, or other reasons shall not be deemed interruptions of continuous employment or service.

13.07. WITHHOLDING TAXES.

Each Participant shall be responsible for satisfying any income and employment tax withholding obligations attributable to participation in the Plan. Unless otherwise provided by the Agreement, any such withholding tax obligations may be satisfied in cash (including from any cash payable in settlement of an award of Performance Shares, an SAR or Incentive Award) or a cash equivalent acceptable to the Committee. Any withholding tax

[Table of Contents](#)

obligations may also be satisfied by surrendering shares of Common Stock to the Company, by withholding or reducing the number of shares of Common Stock otherwise issuable to the Participant upon the exercise of an Option or SAR, the settlement of an award of Performance Shares or the grant or vesting of a Stock Award, but only up to the minimum required tax withholding rate, or by any other method as may be approved by the Committee. If shares of Common Stock are used to pay all or part of such withholding tax obligation, the Fair Market Value of the shares surrendered, withheld or reduced shall be determined as of the day preceding the date the Option or SAR is exercised, the Stock Award vests or the Performance Shares are earned, as applicable.

13.08. CERTAIN REDUCTION OF PARACHUTE PAYMENTS

Any benefit, payment, accelerated vesting or other right under this Plan may constitute a “parachute payment” (as defined in Code section 280G(b)(2)(A), but without regard to Code section 280G(b)(2)(A)(ii)), with respect to a Participant and the Participant may incur a liability under Code section 4999. In that event, the Company may reduce any such parachute payments, if, and only to the extent that a reduction will allow the Participant to receive a greater “net after-tax amount” than such Participant would receive absent a reduction. For purposes of this Plan section, “net after tax amount” means the amount of any parachute payments, as applicable, net of taxes imposed under Code sections 1, 3101(b) and 4999 and any State or local income taxes applicable to the Participant as in effect on the date of the first payment under this Plan Agreement. The determination of the net after tax amount shall be calculated by applying the foregoing taxes on income of the same character as the parachute payments or capped parachute payments, as applicable at the top marginal rates, in effect for the year in which the determination is made. “Capped parachute payments” means the largest amount of parachute payments that may be paid without liability under Code section 4999. This Section 13.08 shall not apply to any Participant who is entitled to indemnification from any liability that the Participant may have under Code section 4999 pursuant to an Agreement or other agreement with the Company.

**ARTICLE XIV
AMENDMENT**

The Board may amend or terminate this Plan from time to time; provided, however, that no amendment may become effective until shareholder approval is obtained if (i) the amendment increases the aggregate number of shares of Common Stock that may be issued under the Plan or (ii) the amendment changes the class of individuals eligible to become Participants, (iii) the amendment is required to be approved by shareholders under the New York Stock Exchange’s shareholder approval rules. No amendment shall, without a Participant’s consent, adversely affect any rights of such Participant under any outstanding award of Performance Shares, or under any Stock Award, Option or SAR outstanding at the time such amendment is made.

**ARTICLE XV
DURATION OF PLAN**

No Performance Shares may be awarded and no Stock Award, Option, SAR or Incentive Award may be granted under this Plan more than ten years after the date that the Plan is approved by shareholders as provided in Article XVI.

**ARTICLE XVI
EFFECTIVE DATE OF PLAN**

Performance Shares may be awarded and Stock Awards, Options, SARs and Incentive Awards may be granted under this Plan upon its approval by a majority of the votes entitled to be cast by the Company’s shareholders, voting either in person or by proxy, at a duly held shareholders’ meeting within twelve months of its adoption by the Board.

- Any other engagements must either be:
 1. approved in advance by the Audit Committee or
 2. entered into pursuant to these pre-approval policies and procedures, provided the Audit Committee is informed of each service.
- The Company may not engage its independent auditors to perform any services as may, from time to time, be prohibited by the rules and regulations of the Securities and Exchange Commission, any securities exchange on which the Company's securities are traded or listed, the Public Company Accounting Oversight Board, or any other regulatory bodies.
