Directors may defer the receipt of all or part of their director fees. Amounts deferred are “invested” in bookkeeping accounts that measure earnings and losses based on the performance of a particular investment. Directors may elect to defer their fees into the following two subaccounts: (i) an account based upon the price of the Common Stock and (ii) an account based upon the current interest rate of the Company’s fixed income fund in its 401(k) plan. Subject to certain restrictions, a director may take cash distributions from a deferred fee account either prior to or following the termination of his or her service as a director. Directors are also permitted to receive payment of their director fees in Common Stock.

REPORT OF THE GOVERNANCE & NOMINATING COMMITTEE

The Governance & Nominating Committee was formed by the Board of Directors in 1996 to promote good corporate governance practices. Composed of five independent directors who met four times during 2002, the Governance & Nominating Committee has adopted a charter that sets forth the Committee’s purpose: (i) to assist the Board by identifying and recommending nominees for election to the Board; (ii) to oversee the governance of the Company including recommending to the Board and reviewing the implementation of governance guidelines for the Company; (iii) to lead the Board in its annual review of the Board’s performance; and (iv) to recommend to the Board director nominees for each Board committee. The Governance and Nominating Committee’s charter and the Company’s Corporate Governance Guidelines (included in this proxy statement as Annex A) can be viewed at www.owens-minor.com. The Committee also reviews the Company’s responsibilities and performance as a corporate citizen.

Because of its past activities in studying and implementing good corporate governance practices at Owens & Minor, the Governance & Nominating Committee believes that the Company has anticipated many of the requirements of the Sarbanes-Oxley Act of 2002, and rules and proposed rules of the SEC and the NYSE, involving corporate governance matters. The Governance & Nominating Committee welcomes these efforts to refine corporate governance practices and it will fully cooperate in their implementation at Owens & Minor.

PROPOSAL 2: APPROVAL OF 2003 DIRECTORS' COMPENSATION PLAN

The Board of Directors proposes that the shareholders approve the Owens & Minor, Inc. 2003 Directors' Compensation Plan (the "2003 Directors' Plan"), adopted by the Board on December 16, 2002, subject to the approval of the Company's shareholders. In 1998 the Board adopted, and the shareholders approved, the 1998 Directors' Plan. The Board believes that the 1998 Directors' Plan has promoted a greater identity of interest between the Company's shareholders and the Company's non-employee directors. The term of the 1998 Directors' Plan expires in April 2003 and the Board wishes to replace it with the 2003 Directors' Plan.

The following paragraphs summarize the more significant features of the 2003 Directors' Plan. This summary is subject, in all respects, to the terms of the 2003 Directors' Plan, a copy of which is included as Annex B to this Proxy Statement.

SUMMARY OF THE 2003 DIRECTORS' COMPENSATION PLAN

General. The Board believes that the 2003 Directors' Plan will benefit the Company by assisting in the recruitment and retention of highly qualified non-employee Directors and associating the interests of non-employee Directors with those of the Company and its shareholders.

The 2003 Directors' Plan consists of four programs. The Stock Option Program provides for automatic annual grants of options to purchase Common Stock. The Deferred Fee Program allows eligible Directors to defer the receipt of all or part of their retainer fees, meeting fees or both. The Stock Purchase Program allows eligible Directors to receive payment of all or part of their retainer fees, meeting fees, or both in the form of Common Stock rather than in cash. The Stock Award Program provides for grants of Common Stock to eligible Directors. Participation in the Deferred Fee Program and the Stock Purchase Program is voluntary.

Administration. The Governance & Nominating Committee will administer the 2003 Directors' Plan and has the authority to make any determinations necessary and advisable for the administration of the 2003 Directors' Plan.

Eligibility. No Director who is an employee or officer of the Company or one of its related entities will be eligible to participate in the 2003 Directors' Plan. The Company's Board of Directors currently consists of nine Directors who will participate in the 2003 Directors' Plan ("Participating Directors"). An individual who is first elected or appointed to the Company's Board of Directors at other than an annual meeting of shareholders may receive awards at the discretion of the Governance & Nominating Committee in an amount that does not exceed the annual limitations set forth in the 2003 Directors' Plan (described hereafter).

Stock Option Program. Options granted under the Stock Option Program are nonstatutory stock options. A stock option entitles a Participating Director to purchase shares of Common Stock at the option price. Each year during the term of the Stock Option Program, each Participating Director will be granted an option to purchase 5,000 shares of Common Stock. Options will be granted on the date of the first meeting of the Board of Directors following the annual shareholders' meeting, commencing with the 2003 Annual Meeting if the 2003 Directors' Plan is approved by shareholders. The option price will equal the fair market value, as reported on the NYSE, of the Common Stock on the date of grant. The Governance & Nominating Committee cannot adjust or reprice the exercise price of a previously granted option whether through amendment, cancellation, replacement grant or any other means (except for adjustments to reflect changes in the Company's capitalization). The option price may be paid in cash, Common Stock or a combination of the two. On March 3, 2003, the fair market value of the Common Stock was \$16.34 per share.

Options granted under the Stock Option Program will be exercisable in whole or in part as of the date of grant. The maximum period in which an option may be exercised will be ten years from the date of grant. However, if a Participating Director ceases to be a Director, the option may be exercised for one year following

[Table of Contents](#)

the date that he or she ceased to be a Director or until the end of the option period, whichever is shorter. In the event of a Participating Director's death, the option may be exercised by the Participating Director's estate or by the person or entity who succeeds to the Participating Director's rights by will or the laws of descent and distribution for one year following the date the Participating Director ceased to be a Director or until the end of the option period, whichever is shorter. All options granted under the Stock Option Program will be evidenced by written agreements between the Participating Director and the Company.

The Company has been advised by counsel concerning the federal income tax consequences of the Stock Option Program. No income is recognized by a Participating Director at the time an option is granted under the Stock Option Program. The exercise of an option generally is a taxable event that requires the holder to recognize, as ordinary income, the difference between the option price and the shares' fair market value on the date of exercise.

The Company will be entitled to claim a federal income tax deduction on account of the exercise of an option. The amount of the deduction is equal to the ordinary income recognized by the holder.

Deferred Fee Program. The Deferred Fee Program allows a Participating Director to defer the receipt of all or part of his or her retainer fee (including the portion of the retainer fee payable as a stock award), meeting fees or both. A Participating Director's deferral election relating to a retainer fee will be effective with respect to the portion of the retainer fee payable for calendar quarters that begin after the election. A Participating Director's deferral election relating to a meeting fee will be effective with respect to the meeting fees payable in calendar months that begin after the election.

The Deferred Fee Program provides that each Participating Director may direct how his or her deferred fees will be "invested." The "investments" under the Deferred Fee Program will be bookkeeping accounts that measure earnings and losses based on the performance of a particular investment measure. The Deferred Fee Program will offer "investment choices" for determining such gains and losses on deferred amounts. The Deferred Fee Program provides that one of the investment choices will be a Common Stock Account. The Governance & Nominating Committee will designate other investment choices, if any, that will be available under the Deferred Fee Program.

In addition to the investment elections, a Participating Director will be permitted, subject to certain restrictions, to (i) increase or decrease the amount of his or her future fee deferrals, (ii) change the allocation of deferrals among the "investment funds" and (iii) cease to defer fees.

Subject to certain restrictions, including those under Section 16 of the Securities Exchange Act of 1934, a Participating Director will be permitted to take cash distributions in whole or in part from the Deferred Fee Program either prior to or following the termination of his or her service as a Director. In addition, distributions from the Common Stock Account may be made in Common Stock and cash in lieu of a fractional share. A Participating Director may change the date and form of distribution with respect to fees that are payable following the new election.

Stock Purchase Program. The Stock Purchase Program allows a Participating Director to receive payment of all or part of his or her retainer fee, meeting fees, or both (other than fees that are deferred under the Deferred Fee Program), in the form of Common Stock. The Stock Purchase Program does not increase the fees otherwise payable to Participating Directors.

Common Stock will be issued to each Director who participates in the Stock Purchase Program on the dates that his or her retainer fee and meeting fees are otherwise payable. The number of shares issued will be determined by dividing the portion of fees subject to the Participating Director's election by the fair market value of the Common Stock on the day preceding the date of payment. The value of a fractional share, and the remainder of the Director fees, will be paid in cash.

Table of Contents

Elections to purchase Common Stock under the Stock Purchase Program will be effective with respect to fees payable on and after the election date. A Participating Director will be permitted to (i) increase or decrease the fees that will be applied to purchase Common Stock and (ii) cease purchases of Common Stock.

Stock Award Program. Under the Stock Award Program, each Participating Director will be awarded, on the date of each meeting of the Board immediately following the annual meeting of the Company's shareholders, a number of whole shares of Common Stock having an aggregate fair market value equal to, or most nearly equal to, \$15,000. The number of shares of Common Stock that will be issued to a Participating Director will be reduced to the extent that he or she has elected to defer the award under the Deferred Fee Program. Shares of Common Stock issued under the Stock Award Program are immediately vested and transferable.

Share Authorization. The maximum aggregate number of shares of Common Stock that may be issued upon the exercise of options or as Stock Awards (described hereafter) under the 2003 Directors' Plan is 300,000 shares. This limitation, and the number of shares subject to outstanding options, will be adjusted, as the Governance & Nominating Committee deems appropriate, in the event of a stock dividend, stock split, combination, reclassification, recapitalization or other similar event.

Duration, Amendment and Termination. No options may be granted under the Stock Option Program and no awards may be made under the Stock Award Program after the date of the Company's annual meeting of shareholders in 2007. The Deferred Fee Program will terminate when all of the deferred fees and any earnings thereon have been distributed to Participants. No elections may be made under the Deferred Fee Program or the Stock Purchase Program with respect to fees payable on or after the date of the Company's annual meeting of shareholders in 2007. The Board may sooner terminate the 2003 Directors' Plan without shareholder approval.

The Board also may amend the 2003 Directors' Plan. However, no amendment will be effective without shareholder approval if (i) the amendment increases the aggregate number of shares of Common Stock that may be issued in connection with the Stock Option Program and Stock Award Program or (ii) the amendment changes the class of individuals eligible to become Participating Directors.

Benefits Table. The following table illustrates the benefits that would have been provided under the 2003 Directors' Plan if that program had been in effect during 2002.

<u>Name and Position</u>	<u>New Plan Benefits</u>		
	<u>2003 Directors' Compensation</u>	<u>Plan Dollar Value (\$)</u>	<u>Number of Units</u>
G. Gilmer Minor, III, Chairman & CEO	\$	0	0
Craig R. Smith, President & COO	\$	0	0
Henry A. Berling, Executive VP	\$	0	0
Jeffrey Kaczka, SVP & CFO	\$	0	0
David R. Guzmán, SVP & CIO	\$	0	0
Executive Group	\$	0	0
Non-Executive Director Group	\$	1,032,750(1)	51,759(2)
Non-Executive Officer Employee Group	\$	0	0

(1) This amount represents the fair market value of the Common Stock for which options would have been granted and which would have been subject to stock awards made to Directors who would have been eligible to participate in the 2003 Directors' Plan. Each eligible Director would have received an option for 5,000 shares of Common Stock with a fair market value and a corresponding exercise price of \$99,750 as of April 25, 2002, based on the \$19.95 per share closing price of the Common Stock on that date. In addition, each Director would have received a stock award for 751 shares of Common Stock with a fair market value of \$15,000 on April 25, 2002 based on the \$19.95 per share closing price of the Common Stock on that date.

[Table of Contents](#)

(2) The number of units was determined by multiplying the sum of 5,000 optioned shares and 751 shares by the number of Directors who would have been eligible to participate in the 2003 Directors' Plan on April 25, 2002 (nine directors).

Vote Required. Approval of the 2003 Directors' Plan requires the affirmative vote of a majority of the shares of Common Stock cast on this proposal; provided that the total vote cast on the proposal represents over 50% of the outstanding shares of Common Stock. Abstentions and Brokers Shares will not be counted as votes cast on the 2003 Directors' Plan.

The Board of Directors unanimously recommends a vote FOR the approval of the 2003 Directors' Compensation Plan.

PROPOSAL 3: APPROVAL OF INDEPENDENT AUDITORS

The Audit Committee, with the confirmation of the Board of Directors, has selected KPMG LLP to serve as the Company's independent auditors for 2003, subject to ratification by the shareholders.

For the year ended December 31, 2002, KPMG LLP billed the Company the fees set forth below in connection with professional services rendered by that firm to the Company:

All Other Fees. Aggregate fees for audit related services consisting of employee benefit plan audits and accounting consultations were \$49,975. Financial Information Systems Design and Implementation Fees. KPMG LLP did not provide professional services relating to financial information systems design and implementation during 2002.

Representatives of KPMG LLP will be present at the Annual Meeting to answer questions and to make a statement, if they desire to do so.

The Board of Directors recommends a vote FOR the ratification of KPMG LLP as Owens & Minor's independent auditors for 2003.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of six directors who meet the current NYSE standards for independence. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is included as [Annex C](#) to this Proxy Statement. The Audit Committee reviewed and revised its charter in October 2002 to ensure its compliance with the Sarbanes-Oxley Act of 2002 and proposals of the SEC and the NYSE relating to corporate governance standards and audit committee requirements. The Audit Committee will continue to reconsider its charter in light of legislative and rulemaking initiatives as they may be adopted in the future.

The Audit Committee selects the Company's independent auditors, subject to shareholder ratification. Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. In this context, the Audit Committee has met and held discussions with management and KPMG LLP, the Company's independent auditors.

[Table of Contents](#)

Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG LLP, including the scope of the auditors' responsibilities, significant accounting adjustments and any disagreements with management (of which there were none).

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has also received the written disclosures and the letter from KPMG LLP relating to the independence of that firm as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has discussed with KPMG LLP that firm's independence from the Company and considered the compatibility of non-audit services with the auditors' independence.

Based upon its discussions with management and KPMG LLP and its review of the representation of management and the report of KPMG LLP to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the SEC.

RETIREMENT PLANS

Pension Plan. The Company provides retirement benefits under a defined benefit pension plan to substantially all employees who had earned benefits as of December 31, 1996. Benefits under the pension plan are based upon both length of service and compensation and are determined under a formula based on an individual's earnings and years of credited service. Funding is determined on an actuarial basis. Effective December 31, 1996, participants in the pension plan ceased to accrue additional benefits; provided, however, that participants who had completed at least five years of service as of January 1, 1997 and whose age plus years of service equaled at least 65 continued to earn an accrued benefit until the earlier of (i) December 31, 2001 or (ii) retirement, death or termination of employment (with the exception of certain highly compensated employees if the pension plan did not meet certain coverage requirements of the Internal Revenue Code).

The following table shows estimated annual benefits payable under the pension plan at normal retirement age of 65 years based on the specified remuneration and years of service:

(1) Average compensation represents compensation based upon a benefit formula applied to an employee's career average earnings, which approximates the amount of salary set forth in the Summary Compensation Table. The maximum amount of covered compensation is \$170,000, or some other amount as may be determined by the Secretary of Treasury pursuant to Section 401(a)(17) of the Internal Revenue Code.

Benefits are computed on a straight-life annuity basis, and are not subject to offset for Social Security benefits or other amounts. The years of service credited for the Named Executive Officers under the pension plan are presently as follows: Mr. Minor, 36 years; Mr. Smith, 11 years; Mr. Berling, 33 years; Mr. Kaczka, not eligible; and Mr. Guzmán, not eligible.

Supplemental Executive Retirement Plan. The Company provides supplemental retirement benefits to certain employees selected by the Compensation & Benefits Committee under the Supplemental Executive Retirement Plan ("SERP"). The SERP entitles participants who meet its age and service requirements to receive a specified percentage (in the case of the Named Executive Officers, 65%) of the participant's average base monthly salary (plus bonus for certain participants, including the Named Executive Officers) during the five years preceding his or her retirement reduced by the benefit payable under the pension plan, Social Security and any defined benefit pension plan of a prior employer. The estimated annual benefits payable under the SERP upon retirement at normal retirement age for the Named Executive Officers are:

Mr. Minor \$600,992, Mr. Smith \$440,076, Mr. Berling \$251,510, Mr. Kaczka (participation effective 1/1/03), and Mr. Guzmán \$291,606.

REPORT OF THE COMPENSATION & BENEFITS COMMITTEE

The Compensation & Benefits Committee (the "Compensation Committee") is comprised of six independent directors who are not current or past employees of the Company. The Compensation Committee's primary functions are to:

- oversee the design and competitiveness of the Company's total compensation program,
- evaluate the performance of the Company's senior executives and approve related compensation actions, and
- administer the Company's compensation plans for officers.

The Compensation Committee met four times during 2002.

Executive Compensation Philosophy

The Compensation Committee's philosophy is to:

- establish and maintain programs and practices that promote achievement of the Company's strategic objectives,
- provide rewards that reflect the Company's performance, and
- align executives' financial interests with those of shareholders.

To accomplish this, compensation for executives is based on measures of the Company's financial performance and strategic results that should translate to increased shareholder value.

The Compensation Committee also strives to maintain market competitive compensation levels. To meet this objective, the Compensation Committee evaluates executive compensation levels through comparisons to the peer companies included in the performance graph of this Proxy Statement, and other companies of similar size and operating characteristics. Base salaries are targeted at competitive market median for like experienced executives. Annual incentive compensation opportunities, when combined with base salaries, are intended to fully reach competitive median total cash compensation levels as warranted by the Company's and the individual officer's performance. Longer-term incentive compensation opportunities, such as stock options and restricted

[Table of Contents](#)

stock, link executive compensation with achievement of strategic objectives and shareholder value growth. This combination is intended to focus management on the annual and longer-term success of the Company.

The Compensation Committee recognizes that sometimes it is necessary to sacrifice short-term financial performance to obtain longer-term business success. The Compensation Committee regularly monitors the balance between annual and longer-term rewards and acts as needed to encourage meaningful levels of share ownership among executives. The Management Equity Ownership Program (MEOP) adopted in 1997 for the Company's officers further aligns the interests of executives and shareholders.

Committee Process and Compensation Administration

In deciding base salary levels, incentive payments and granting of stock options and restricted stock, the Compensation Committee looks to the Chief Executive Officer for recommendations on senior executives. The Compensation Committee meets privately, without the presence of management (including the Chief Executive Officer), to determine compensation actions for the Chief Executive Officer. To maintain the desired level of competitiveness and technically sound compensation and benefit programs, the Compensation Committee obtains input from the Company's Human Resources Department and periodically from outside advisors.

Base Salary

Consistent with the Compensation Committee's compensation philosophy, in 2002 base salary increases for the Named Executive Officers were determined based on individual performance and the competitiveness of their current salary. The Chief Executive Officer received an increase in base salary to \$700,400.

Annual Incentive

Each year the Compensation Committee meets to review key aspects of the upcoming year's business plan and establish Annual Incentive Plan goals for each corporate officer, including the Chief Executive Officer. Goals under this plan are weighted to reflect their importance and contribution to Company performance and therefore shareholder experience.

The 2002 Annual Incentive Plan goals for named executives included Company results measured by net income and sales, subject to a minimum net income goal; and individual performance on leadership objectives. The Compensation Committee receives periodic updates during the year on business performance in relation to incentive plan goals.

At the close of each year, the Compensation Committee meets to discuss performance compared to Annual Incentive Plan goals and longer-term strategic business goals. These longer-term business goals center around the Company's strategic objectives to remain customer oriented in everything it does and to actively evolve its business consistent with the service needs of customers and the Company's markets.

For 2002 the Company showed a 4 percent increase in sales to \$3.96 billion from \$3.81 billion in 2001. Excluding the effects of unusual charges totaling \$1.4 million and \$14.5 million, net of tax, recorded in 2002 and 2001, as well as goodwill amortization of \$5.3 million, net of tax, recorded in 2001, net income increased to \$48.7 million in 2002, compared to \$42.8 million in 2001. Net income per diluted common share, excluding the effects of the unusual charges and goodwill amortization, was \$1.30, compared to \$1.17 in 2001.

The target cash award payable under the Company's Annual Incentive Plan to the Chief Executive Officer for meeting targeted Company financial and individual leadership goals was 60% of his base salary. Based on these performance measures, the Chief Executive Officer earned an annual incentive award of \$382,417. The named executive officers also received bonuses for 2002 performance.

Under the Company's Annual Incentive Plan, executives are also eligible to receive a bonus of Common Stock equivalent to an additional 25% of the cash incentive payment. The shares are restricted and vest provided

[Table of Contents](#)

the officer remains an employee of the Company for the following three years. The restricted stock bonus for Named Executive Officers is dependent on performance against the same goals as for the Annual Incentive Plan. A stock award was made to the Chief Executive Officer in the amount of 5,844 shares. The other Named Executive Officers also received stock awards.

Long-Term Incentive

Each year the Compensation Committee considers granting awards under the Company's stock option plan. The plan provides for the use of non-qualified stock options, incentive stock options, restricted and performance-based awards, and stock appreciation rights. The Compensation Committee's decision to grant stock options is discretionary and largely determined by financial performance and strategic accomplishments, although there are no specific performance targets for this purpose. Option grant decisions may also be based upon outstanding individual performance, job promotions and greater responsibility within the Company.

Stock options are a key component of a competitive total compensation program. The Compensation Committee believes stock option grants have historically been effective in focusing executives on enhancing long-term profitability and shareholder value. The Compensation Committee granted 45,000 stock options to the Chief Executive Officer in 2002 to encourage future growth in shareholder returns. Grants were also provided to the other Named Executive Officers. The Compensation Committee does not specifically consider the number of options currently held by an officer in determining current option grant levels.

Management Equity Ownership Program

As stated earlier, in 1997 the Compensation Committee approved the Management Equity Ownership Program (MEOP) for members of the management team, including each of the Named Executive Officers. This program is intended to strengthen the alignment of management and shareholder interests by creating meaningful levels of stock ownership by management. An ownership target has been determined for each level of the management team. These targets range from four times salary for the Chief Executive Officer to one times salary for Vice Presidents. Eligible holdings in meeting these targets include direct holdings, indirect holdings, shares held through Company plans such as the 401(k) Plan and Stock Purchase Plan and restricted stock holdings. To encourage ownership and help senior management meet their equity investment targets, participants may elect to receive a portion of their annual cash incentive award in restricted stock.

Participants are given a five-year period to reach the full target ownership amount with interim ownership targets to meet each year. As of December 31, 2002, the value of the stock owned by participants, in aggregate, well exceeded the aggregate full target ownership amount. The Named Executive Officers as a group have beneficial ownership levels (excluding stock options held) of 2.9% of common shares outstanding. This is above the peer group median ownership level of 0.8% of common shares outstanding.

If a participant meets his or her target level of ownership, a 10% annual equity ownership dividend (the dividend is reduced to 5% for the years subsequent to a participant reaching his or her full target ownership amount) is paid on all Common Stock owned up to the participant's full target level. The dividend is paid in the form of restricted stock that will vest five years after grant if the desired ownership level is maintained. If a participant's ownership falls below the desired level, a portion of his or her annual bonus and/or salary increase, if earned, will be paid in the form of restricted stock and dividend shares will be forfeited until the target ownership level is met. During 2002, the Chief Executive Officer was granted an annual dividend of 9,126 shares of restricted stock.

Corporate Tax Considerations

Section 162(m) of the Internal Revenue Code disallows corporate tax deductions for executive compensation in excess of \$1 million paid to executive officers. This law does allow for certain exemptions to the deduction cap, including pay plans that depend on formulas rather than discretion and therefore are "performance-based."

All current executive compensation is fully deductible. The Compensation Committee intends that the Company's pay plans and actions be performance-based and therefore fully eligible for compensation expense deductions.

BY ORDER OF THE BOARD OF DIRECTORS

DREW ST. J. CARNEAL
Senior Vice President & Corporate Secretary

OWENS & MINOR, INC.
CORPORATE GOVERNANCE GUIDELINES

The following shall constitute the Corporate Governance Guidelines (the “Corporate Governance Guidelines”) of the board of directors of Owens & Minor, Inc. (“the Corporation”):

I. DIRECTOR QUALIFICATIONS

The Board of Directors of the Corporation (the “Board”) will satisfy any independence requirement of the New York Stock Exchange as then in effect. The Governance & Nominating Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of Board members as well as the composition of the Board as a whole. This assessment will include members’ qualification as independent (Directors shall inform the Chairman of that Committee of any matter bearing on the director’s independence), as well as consideration of diversity, age, skills and experience in the context of the Board’s needs as well as the members of the Board. Nominees for directorship will be selected by the Governance & Nominating Committee in accordance with the policies and principles in its charter. The invitation to join the Board will be extended by the Board through the Chairman of the Governance & Nominating Committee and the Chairman of the Board.

It is the sense of the Board that individual directors who change the responsibility they held when they were elected to the Board should volunteer to resign from the Board. Such a step provides an opportunity for the Board, through the Governance & Nominating Committee, to review the continued appropriateness of Board membership under the circumstances.

Directors should advise the Chairman of the Board and the Chairman of the Governance & Nominating Committee in advance of accepting an invitation to serve on another public company board.

The Governance & Nominating Committee will review each director’s continuation on the Board every three years. This will allow each director the opportunity to conveniently confirm his or her desire to continue as a member of the Board. The Board does not believe it should establish term limits. While term limits could help insure that there are fresh ideas and viewpoints available to the Board, they have the significant disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into the Corporation and its operations and, therefore, provide an increasing contribution to the Board as a whole.

II. DIRECTOR RESPONSIBILITIES

The director’s basic responsibility is to exercise his or her good faith business judgment of the best interests of the Corporation. In discharging that obligation, each director should be entitled to rely on the honesty and integrity of the Corporation’s senior executives and its outside advisors and auditors absent evidence that makes such reliance unwarranted.

Directors are expected to attend Board meetings and meetings of committees on which they serve, to spend the time needed and meet as frequently as necessary to discharge properly their responsibilities. Information and data that are important to the Board’s understanding of the business to be conducted at a Board or committee meeting should generally be distributed in writing to the directors before the meeting. Directors should review these materials in advance of the meeting.

The directors shall also be entitled (1) to have the Corporation purchase reasonable levels of directors’ and officers’ liability insurance on their behalf; (2) to the benefits of indemnification to the fullest extent permitted by law and the Corporation’s charter, by-laws and any indemnification agreements; and (3) to exculpation as provided by state law and the Corporation’s charter.

[Table of Contents](#)

The Board has no policy with respect to the separation of the offices of Chairman and the Chief Executive Officer. The Board believes that this issue is part of the succession planning process and that it is in the best interests of the Corporation for the Board to make a determination when it elects a new chief executive officer.

The Chairman will establish the agenda for each Board meeting. At the beginning of the year the Chairman will establish a schedule of significant agenda subjects to be discussed during the year (to the degree this can be foreseen). Each Board member is encouraged to suggest the inclusion of items on the agenda. Each Board member is free to raise at any Board meeting subjects that are not on the agenda for that meeting. The Board will review the Corporation's long-term strategic plans and the principal issues that the Corporation will face in the future during at least one Board meeting each year.

The non-management directors will meet in executive session following each regularly scheduled Board meeting. The director who presides at these meetings, and the process for determining who will preside, will be determined by the non-management directors, and the name of the chairman, or the process for designating the chairman, will be disclosed in the annual proxy statement.

The Board believes that the management speaks for the Corporation. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Corporation. It is expected that Board members would do this with the knowledge of the management and, absent unusual circumstances or as contemplated by the committee charters, only at the request of management.

III. BOARD COMMITTEES

The Board will have at all times an Audit Committee, a Compensation and Benefits Committee and a Governance & Nominating Committee. The members of these committees will comply with any requirements of the New York Stock Exchange as then in effect. Committee members will be appointed by the Board upon recommendation of the Governance & Nominating Committee with consideration of the desires of individual directors. It is the sense of the Board that consideration should be given to rotating committee members periodically, but the Board does not feel that rotation should be mandated as a policy.

Each committee will have its own charter. The charters will set forth the purposes, goals and responsibilities of the committees as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure and operations and committee reporting to the Board. The charters will also provide that each committee will annually evaluate its performance.

The Chairman of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. The Chairman of each committee, in consultation with the appropriate members of the committee and management, will develop the committee's agenda. At the beginning of the year each committee will establish a schedule of the principal agenda subjects to be discussed during the year (to the degree these can be foreseen). The schedule for each committee will be furnished to all directors.

The Board may, from time to time, establish or maintain additional committees as necessary or appropriate.

IV. DIRECTOR ACCESS TO OFFICERS AND TEAMMATES

Directors have full and free access to officers and teammates of the Corporation and, as necessary and appropriate, to the Corporation's independent advisors. Any meetings or contacts that a director wishes to initiate may be arranged through the CEO or the Secretary or directly by the director. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Corporation and will, to the extent not inappropriate, copy the CEO on any written communications between a director and an officer or teammate of the Corporation, or advise the CEO of any such oral communications.

[Table of Contents](#)

The Board welcomes regular attendance at each Board meeting of the Corporation's senior officers. If the CEO wishes to have additional Corporation personnel attend on a regular basis, this suggestion should be brought to the Board for approval.

V. DIRECTOR COMPENSATION

The form and amount of director compensation will be determined by the Board based on a recommendation of the Governance & Nominating Committee in accordance with the policies and principles set forth in its charter. The Governance & Nominating Committee will conduct an annual review of director compensation. The Governance & Nominating Committee will consider that directors' independence may be jeopardized if director compensation and perquisites exceed customary levels, if the Corporation makes substantial charitable contributions to organizations with which a director is affiliated, or if the Corporation enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated.

VI. DIRECTOR ORIENTATION AND CONTINUING EDUCATION

All new directors must participate in the Corporation's Orientation Program, which should be conducted within two months of the annual meeting at which new directors are elected. This orientation will include presentations by senior management to familiarize new directors with the Corporation's strategic plans, its significant financial, accounting and risk management issues, its compliance programs, these Guidelines, its Standards of Conduct, its principal officers and its internal and independent auditors. In addition, the Orientation Program will include visits to Corporation headquarters and, to the extent practical, certain of the Corporation's significant facilities. All other directors are also invited to attend the Orientation Program.

All directors are encouraged to attend programs and seminars dealing with the role and responsibility of publicly owned company directors.

VII. CEO EVALUATION AND MANAGEMENT SUCCESSION

The Compensation and Benefits Committee and Governance and Nominating Committee will conduct annual reviews of the CEO's performance, as set forth in their charters. The Board of Directors will review the Committee reports in order to ensure that the CEO is providing the best leadership for the Corporation in the long- and short-term.

The Governance & Nominating Committee should make an annual report to the Board on succession planning. The Board will work with the Governance & Nominating Committee to nominate and evaluate potential successors to the CEO. The CEO should at all times make available his or her recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

VIII. ANNUAL PERFORMANCE EVALUATION

The Board of Directors will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Governance & Nominating Committee will receive comments from all directors and report annually to the Board with an assessment of the Board's performance. The assessment will focus on the Board's contribution to the Corporation and specifically focus on areas in which the Board or management believes that the Board can improve.

IX. CONSISTENCY WITH ARTICLES

To the extent that any provision or section of the Corporate Governance Guidelines may be inconsistent with any article, provision or section of the Articles of Incorporation or the Bylaws of the Corporation, the Articles of Incorporation or the Bylaws, as appropriate, shall fully control.

[Table of Contents](#)

X. AMENDMENT

These Corporate Governance Guidelines may be amended or altered at any meeting of the Board of Directors by affirmative vote of a majority of the number of Directors fixed by the Bylaws.

XI. CERTIFICATION

These Corporate Governance Guidelines were duly approved and adopted by the Board of the Corporation on the 21st day of October, 2002.

No member of the Committee shall be liable for any act done in good faith with respect to this Plan. All expenses of administering this Plan shall be paid by the Company.

ARTICLE III
STOCK OPTION PROGRAM

3.01. **Option Grants**

Subject to the limitation set forth in Section 3.06, each Participant will be granted an Option for 5,000 shares of Common Stock at the first meeting of the Board following each annual meeting of the Company's shareholders during the term of this Plan. Notwithstanding the preceding sentence, during the term of the Plan and subject to the limitation set forth in Section 3.06, the Committee may grant an Option for up to 5,000 shares of Common Stock to a New Participant. All Options granted under this Plan will be evidenced by Agreements which shall be subject to the applicable provisions of the Plan.

[Table of Contents](#)

3.02. **Option Price**

The price per share for Common Stock purchased on the exercise of an Option shall be the Fair Market Value of the Common Stock on the date the Option is granted. Except as provided in Article VIII, the Committee may not adjust or amend the option price of a previously granted Option whether through amendment, cancellation, replacement grant or any other means.

3.03. **Maximum Option Period**

The maximum period in which an Option may be exercised shall be ten years from the date of grant (or, in the case of an Option granted to a New Participant, the period (not to exceed ten years from the date of grant) specified by the Committee); provided, however, that if the Participant ceases to be a member of the Board, the Option may be exercised for one year following the date he or she ceases to be a member of the Board, or until the expiration of the Option period, whichever is shorter. In the event of the Participant's death prior to the termination of his or her rights under the Option, the Option may be exercised by the Participant's estate or by such person or persons who succeed to Participant's rights by will or the laws of descent and distribution for one year following the date that the Participant ceased to be a member of the Board or until the expiration of the Option period, whichever is shorter.

3.04. **Exercise**

Subject to the provisions of Section 3.03 and Article VIII, an Option may be exercised in whole at any time or in part from time to time on and after the date of grant. An Option may be exercised with respect to any number of whole shares less than the full number for which the Option could be exercised. A partial exercise of an Option shall not affect the right to exercise the Option from time to time in accordance with this Plan and the applicable Agreement with respect to the remaining shares subject to the Option.

3.05. **Payment of Option Price**

Payment of the Option price shall be made in cash or a cash equivalent acceptable to the Committee or by surrendering shares of Common Stock to the Company. The total amount of cash or cash equivalent paid and the Fair Market Value (determined as of the day preceding the date of exercise) of any Common Stock surrendered shall not be less than the aggregate option price for the number of shares for which the option is being exercised.

3.06. **Stock Subject to Options, Plan**

Upon the exercise of any Option, the Company may deliver to the Participant (or the Participant's broker if the Participant so directs), shares from its authorized but unissued Common Stock. The number of shares of Common Stock that may be issued pursuant to the exercise of Options or as Stock Awards under this Plan shall not in the aggregate exceed 300,000 shares. The limitation stated in the preceding sentence shall not apply to the issuance of Common Stock under the Stock Purchase Program and shall apply to the issuance of Common Stock under the Deferred Fee Program only to the extent that the issuance of shares is attributable to the deferral of Stock Awards. The maximum aggregate number of shares of Common Stock that may be issued under this Plan shall be subject to adjustment as provided in Article VIII. If an Option is terminated, in whole or in part, for any reason other than its exercise, the number of shares of Common Stock allocated to the Option or portion thereof may be reallocated to other Options and Stock Awards to be granted under this Plan.

3.07. **Transferable Options**

Section 10.03 to the contrary notwithstanding, an Option may be transferred by a Participant to the Participant's children, grandchildren, spouse, one or more trusts for the benefit of such family members or a partnership in which such family members are the only partners, on such terms and conditions as may be permitted under Securities Exchange Commission Rule 16b-3 as in effect from time to time. The holder of an Option transferred pursuant to this section shall be bound by the same terms and conditions that governed the Option during the period that it was held by the Participant; provided, however, that such transferee may not transfer the Option except by will or the laws of descent and distribution.

ARTICLE IV
DEFERRED FEE PROGRAM

4.01. Deferral Elections

(a) A Participant may make a deferral election with respect to all or a part of his or her Compensation to be earned and payable thereafter by completing and executing an Election Form and submitting it to the Secretary of the Company. A deferral election relating to a Retainer Fee shall be in integral multiples of twenty-five percent (25%) of the portion of the Retainer Fee payable in cash and an integral multiple of twenty-five percent (25%) of the portion of the Retainer Fee payable as a Stock Award. A deferral election relating to Meeting Fees shall be in integral multiples of twenty-five percent (25%) of each Meeting Fee. An individual who is not a member of the Board may complete an Election Form contingent upon the individual becoming a Participant or a New Participant in which case the Deferral Election will be effective with respect to all or part of his or her Compensation to be earned and payable on and after becoming a Participant or a New Participant.

(b) In accordance with the terms of the Plan, the Participant or New Participant shall indicate on the Election Form: (i) the percentage of the Retainer Fee and the percentage of the Meeting Fee that he or she wishes to defer; (ii) the Distribution Date; (iii) whether distributions are to be in a lump sum, in installments or a combination thereof; (iv) his or her Beneficiary or Beneficiaries; and (v) the subaccounts to which the Deferred Amount is to be allocated.

(c) A deferral election shall become effective with respect to a Participant's Retainer Fee accruing on and after the first day of the calendar quarter following the Election Date. A deferral election shall become effective with respect to a Participant's Meeting Fees accruing on and after the first day of the calendar month following the Election Date. A deferral election shall remain in effect with respect to all future Compensation until a new deferral election is made by the Participant in accordance with Section 4.02 or Section 4.03 becomes effective.

4.02. Deferral Election Modifications

A Participant may modify his or her deferral election with respect to Compensation to be earned and payable thereafter by completing and executing a new Election Form and submitting it to the Secretary of the Company. An election to increase the amount of future Compensation to be deferred shall become effective with respect to his or her Retainer Fee payable on and after the first day of the calendar quarter following the Election Date. An election to increase the amount of future Compensation deferred shall become effective with respect to his or her Meeting Fees accruing on and after the first day of the calendar month following the Election Date. Subject to Section 4.03, an election to decrease the amount of future Compensation to be deferred shall become effective with respect to Compensation accruing on and after the later of (i) January 1 of the year following the Election Date or (ii) the first day of the second calendar quarter following the Election Date. Any amount credited to a Participant's Account prior to such effective date will continue to be subject to the provisions of his or her last valid Election Form.

4.03. Cessation of Deferrals

A Participant may cease to defer future Compensation by completing and executing a new Election Form, and submitting it to the Secretary of the Company. An election by a Participant to cease deferrals in the Deferred Fee Program shall become effective with respect to Compensation accruing on or after the later of (i) January 1 of the year following the Election Date or (ii) the first day of the second calendar quarter following the Election Date. Any amounts credited to a Participant's Account prior to such effective date will continue to be subject to the provisions of the Participant's last valid Election Form.

4.04. Beneficiary Election Modification

A Participant shall be permitted at any time to modify his or her Beneficiary designation, effective as of the Election Date, by completing and executing a new Election Form and submitting it to the Secretary of the Company.

[Table of Contents](#)

4.05. **Investments**

(a) The Company shall establish an Account (for bookkeeping purposes only), for each Participant and for each Beneficiary to whom installment distributions are being made. On each Allocation Date, the Company shall allocate to each Participant's Account an amount equal to his Deferred Amount.

(b) The Company shall establish within each Account one or more Subaccounts, which shall be credited with earnings and charged with losses, if any. One Subaccount shall be the Common Stock Account. The other Subaccounts, if any, shall be designated by the Committee from time to time.

(c) Subject to the provisions of Sections 4.03 and 4.07, on each Allocation Date, each Participant's Subaccount shall be credited with an amount equal to the Deferred Amount designated by the Participant for allocation to such Subaccounts. Each Subaccount shall be credited with earnings and charged with losses as if the amounts allocated thereto actually had been invested in the investment designated as that subaccount.

4.06. **Investment Directions**

In connection with his or her initial deferral election, each Participant shall make an investment direction on his or her Election Form with respect to the portion of such Participant's Deferred Amount that is to be allocated to each Subaccount of the Participant's Account. Any apportionment of Deferred Amounts (and of increases or decreases in Deferred Amounts) among the Subaccounts shall be in integral multiples of ten percent (10%). An investment direction shall become effective with respect to a Subaccount on the first day of the calendar month following the Election Date. All investment directions shall remain in effect with respect to all future Deferred Amounts until a new investment direction made by the Participant in accordance with Section 4.07 becomes effective.

4.07. **New Investment Directions**

A Participant may make a new investment direction with respect to his or her Deferred Amount only by completing and executing a new Election Form and submitting it to the Secretary of the Company. A new investment direction shall become effective with respect to a Subaccount on the first day of the calendar month following the Election Date.

4.08. **Investment Transfers**

A Participant or a Beneficiary (after the death of the Participant) may transfer to one or more different Subaccounts all or a part (in integral multiples of ten percent (10%)) of the amounts credited to a Subaccount by completing and executing a transfer form and submitting it to the Secretary of the Company. Except as provided in the following sentence, any transfer of amounts among the Subaccounts shall become effective on the first day of the calendar month following the transfer Election Date. With respect to a transfer to or from the Common Stock Account of a Participant then subject to Section 16 of the Exchange Act, the transfer shall become effective on the first day of the first calendar month following the transfer Election Date that is at least six months after the Participant's most recent "opposite way" discretionary transaction (as such term is defined in Securities and Exchange Commission Rule 16b-3).

4.09. **Distribution Elections**

(a) Each Participant shall designate on his or her Election Form one of the following dates as a Distribution Date with respect to amounts credited to his or her Account thereafter: (i) the first day of the calendar month following the date of the Participant's death; (ii) the first day of the calendar month following the date of the Participant's Disability; (iii) the first day of the calendar month following the date of termination of the Participant's service as a member of the Board; (iv) the first day of a calendar month specified by the Participant which is at least (A) six months after the Election Date and, (B) with respect to a distribution in cash of amounts credited to the Common Stock Account of a Participant then subject to Section 16 of the Exchange Act, six months after the Participant's most recent "opposite way" discretionary transaction (as such term is

defined in Securities and Exchange Commission Rule 16b-3); or (v) the earliest to occur of (i), (ii), (iii) or (iv). A Distribution Date election shall become effective on the Election Date.

(b) A Participant may request on his or her Election Form that distributions from his or her Account be made in (i) a lump sum, (ii) no more than one-hundred eighty (180) monthly, sixty (60) quarterly or fifteen (15) annual installments or (iii) a combination of (i) and (ii). Each installment shall be determined by dividing the Account balance by the number of remaining installments. If a Participant receives a distribution from a Subaccount on an installment basis, amounts remaining in such Subaccount before payment shall continue to accrue earnings and incur losses in accordance with the terms of Section 4.05. Except as stated in Section 4.09(c), all distributions shall be made to the Participant.

(c) If the Distribution Date is the first day of the month following the Participant's death or a fixed date which in fact occurs after the Participant's death or if at the time of death the Participant was receiving distributions in installments, the balance remaining in the Participant's Account shall be payable to his or her Beneficiaries as set forth on the Participant's current Election Form or Forms. Upon the death of a Beneficiary who is receiving distributions in installments, the balance remaining in the Account of the Beneficiary shall be payable to his or her estate in a lump sum.

(d) All distributions shall be paid in cash and, except as provided in Section 4.11(b)(ii), shall be deemed to have been made from each Subaccount pro rata. Notwithstanding the preceding sentence, a Participant or Beneficiary may elect to receive a distribution from the Common Stock Account in whole shares of Common Stock and cash in lieu of a fractional share.

4.10. Modified Distribution Elections

A Participant may modify his or her election as to the Distribution Date and form of distribution with respect to Compensation to be earned and payable thereafter by completing and executing a new Election Form and submitting it to the Secretary of the Company. Any new Distribution Date or form of distribution election shall become effective on the Election Date.

4.11. Extraordinary Distributions

(a) Notwithstanding the foregoing, a Participant or Beneficiary (after the death of the Participant) may request an extraordinary distribution of all or part of the amount credited to his or her Account on account of hardship. A distribution shall be deemed to be "on account of hardship" if such distribution is necessary to alleviate or satisfy an immediate and heavy financial need of the Participant or Beneficiary (after the death of the Participant).

(b) A request for an extraordinary distribution shall be made by completing and executing an Extraordinary Distribution Request Form and submitting it to the Secretary of the Company. All extraordinary distributions shall be subject to approval by the Committee. The Extraordinary Distribution Request Form shall indicate: (i) the amount to be distributed from the Account; (ii) the Subaccount(s) from which the distribution is to be made; and (iii) the "hardship" requiring the distribution. The amount of any extraordinary distribution shall not exceed the lesser of the amount determined by the Committee to be required to meet the immediate financial need of the applicant or the amount credited to the Participant's Account.

(c) An extraordinary distribution shall be made with respect to amounts credited to any of the Subaccounts, if the recipient is not then subject to Section 16 of the Exchange Act, on the first day of the calendar month next following approval of the extraordinary distribution request by the Committee. An extraordinary distribution requested by a Participant who is then subject to Section 16 of the Exchange Act shall commence with respect to amounts credited to the Common Stock Account on the first day of the first calendar month that is at least six months following the Participant's most recent "opposite way" discretionary transaction (as such term is defined in Securities and Exchange Commission Rule 16b-3) or, if later, the first day of the calendar month next following approval of the extraordinary distribution request by the Committee.

ARTICLE V
STOCK PURCHASE PROGRAM

5.01. **Common Stock Purchase**

(a) A Participant may make a Stock Purchase Election with respect to all or part of his or her Compensation to be earned and payable thereafter (other than Compensation that is deferred under Article IV), by completing and executing a Stock Purchase Election Form and submitting it to the Secretary of the Company. Common Stock purchased under this Article V shall be issued as of the date that the Retainer Fee or Meeting Fee or both, as applicable, would have been payable but for the Participant's Stock Purchase Election. The number of shares issuable shall be determined by dividing the amount of Retainer Fee or Meeting Fee otherwise payable on that date by the Fair Market Value of the Common Stock on the day preceding the date described in the preceding sentence. A fractional share of Common Stock shall not be issued but instead the Participant shall receive a cash payment of the Compensation that cannot be applied to purchase a whole share.

Notwithstanding the preceding sentence, during the term of this Plan, the Committee may award a New Participant a number of whole shares of Common Stock having an aggregate Fair Market Value of up to \$15,000. Any share certificate issued to evidence Common Stock purchased under Article V, awarded under Article VI, or for which an Option is exercised may bear such legends and statements as the Committee may deem advisable to assure compliance with federal and state laws and regulations. No option shall be exercisable, no Common Stock shall be issued, no certificate for shares shall be delivered, and no payment shall be made under this Plan until the Company has obtained such consent or approval as the Committee may deem advisable from regulatory bodies having jurisdiction over such matters.

GENERAL PROVISIONS

10.01. **Unfunded Plan**

The Plan shall be unfunded, and the Company shall not be required to segregate any assets that may at any time be represented by grants under, or participation in, this Plan. Any liability of the Company to any person with respect to any grant under, or participation in, this Plan shall be based solely upon any contractual obligations that may be created pursuant to this Plan. No such obligation of the Company shall be deemed to be secured by any pledge of, or other encumbrance on, any property of the Company.

Except as provided in Section 3.07, during the lifetime of the Participant, his or her Option may be exercised only by the Participant. No right or interest of any Participant or Beneficiary under the Plan shall be liable for, or subject to, any lien, obligation or liability of such Participant or Beneficiary.

ARTICLE XI
AMENDMENT AND TERMINATION

The Board may amend or terminate this Plan from time to time; provided, however, that no amendment may become effective until shareholder approval is obtained if (i) the amendment increases the aggregate number of shares of Common Stock that may be issued under the Plan or (ii) the amendment changes the class of individuals eligible to become Participants. No amendment shall, without a Participant's consent, adversely affect any rights of such Participant under any outstanding Option or Stock Award, the Deferred Fee Program or the Stock Purchase Program as in effect at the time such amendment is made.

ARTICLE XII
DURATION OF PLAN

No Option may be granted under this Plan after the date of the annual meeting of the Company's shareholders in 2007. The Audit Committee shall have the sole authority to appoint or replace the independent auditor (subject, if applicable, to shareholder ratification) and shall approve all audit engagement fees and terms and all significant non-audit engagements with the independent auditor. The independent auditor shall be accountable to the Board through the Audit Committee. The Audit Committee shall consult with management but shall not delegate these responsibilities.

The Audit Committee may form subcommittees and delegate authority to subcommittees when appropriate.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain special legal, accounting, financial or other consultants to advise the Committee. The Audit Committee shall have the authority to conduct or authorize investigations into any matters within its scope of responsibilities and shall have the authority to retain outside advisors to assist the Committee in the conduct of any investigation.

The Audit Committee shall make regular reports to the Board, and shall review with the Board any issues that arise with respect to the quality or integrity of the Corporation's financial statements, the Corporation's compliance with legal or regulatory requirements, the performance and independence of the Corporation's independent auditors, or the performance of the internal audit function.
